The Issuer has been set up to act as a financing company and its business is limited to the raising of capital and the lending of such capital to the Guarantor, the collection of interest from the Guarantor and the settlement of interest payable on capital raised from third parties. The Issuer does not have any substantial assets. Its role is limited to the financing of the Guarantor's operations and it is, accordingly, fully dependent on the cash flows of the Guarantor.

The Guarantor is principally engaged in investing in, acquiring, holding and/or managing any land, building or other property for the purpose of deriving income therefrom. The Guarantor's principal activity is the management, operation and lease of the following four properties:

- D Mall property, a shopping and commercial centre located in Tigne Point, as better defined in section 6.2.2.1;
- 2,581 sqm in Center Parc, a shopping and commercial centre located in Triq it-Tigrija, Qormi, as better defined in section 6.2.2.2;
- Laguna property, an apartment and car parking space located in the Laguna Complex, Portomaso Development, Spinola, St. Julian's, as better defined in section 6.2.2.3;
- Qui-si-sana property, an apartment internally numbered 13, located at Waterside Place, Qui-si-sana, Sliema, which is adjoined to another apartment situated in 6, Byron Court, ix-Xatt ta' Qui-si-sana, Sliema, as better defined in section 6.2.2.4.

It is the intention of the Guarantor to sub-lease the Properties to various tenants. As at the date of the Company Admission Document the Dizz Group has entered/is in the process of finalising four agreements with related parties to lease four retail outlets having a total area of 1,577sqm, eight non-binding letters of intent with third parties to lease eight retail outlets having a total area of 1,489 sqm and three non-binding letters of intent with related parties to lease three retail outlets having a total area of 180sqm situated in D Mall and Center Parc.

Without prejudice to the risks identified in this Document, as at the time of publication of the Company Admission Document, the Issuer and the Guarantor consider that generally they shall be subject to the normal business risks associated with the business in which the

D Shopping Malls Group companies operate, and, barring unforeseen circumstances, do not anticipate any particular trends, uncertainties, demands, commitments or events outside the ordinary course of business that could be deemed likely to have a material adverse effect on the upcoming prospects of the D Shopping Malls Group and its business, at least with respect to the current financial year. **However, investors are strongly advised to carefully read the risk factors in the Company Admission Document.**

The following is a brief synopsis of the significant trends affecting the key areas of operation of the D Shopping Malls Group (refer to section 7.2 for further detail).

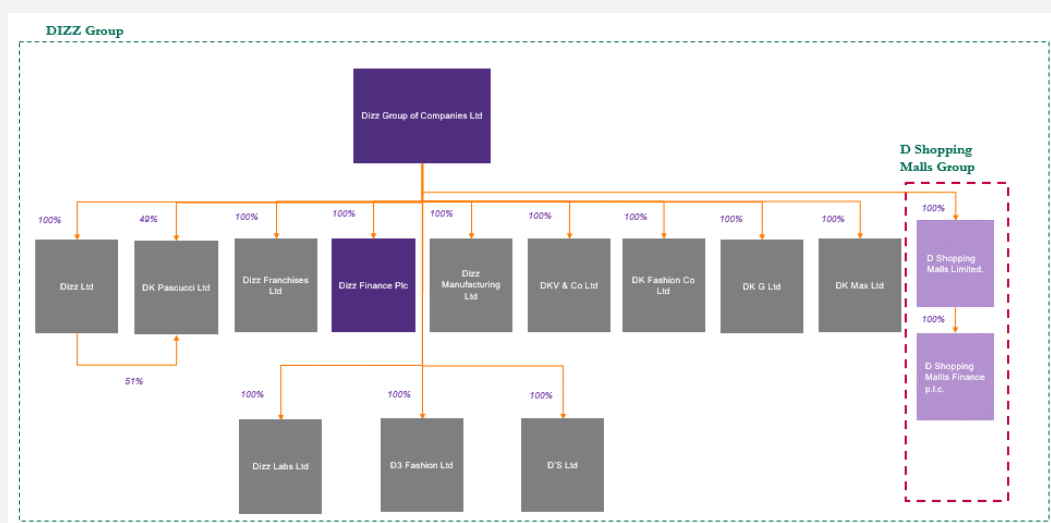

The D Shopping Malls Group was set up as a property managing company of the Dizz Group. In this regard, the Guarantor aims to continue to manage the Properties that fall under its responsibility. Consequently, its principal income stream will be the generation of income from lease agreements with third parties and/or companies within the Dizz Group. There has been no material adverse change in the prospects of the Guarantor since the date of its incorporation.

The D Shopping Malls Group's business prospects therefore predominantly revolve around the ability of the Guarantor to find suitable tenants to occupy the Properties, and for these tenants to service their obligations in a timely manner. The annual amounts receivable by the D Shopping Malls Group are based on the current residential and commercial rental rates, and assume that they will reflect market rates. Given the financial stability of the Dizz Group, the Directors are confident that the anticipated revenue streams in the coming year and foreseeable future will be generated on the basis assumed in this Company Admission Document.

B.4

The Issuer is, except for one share which is held by Dizz Group of Companies Limited, a fully-owned subsidiary of the Guarantor, which latter entity is the parent company of the D Shopping Malls Group. The Issuer is a special purpose vehicle set up to act as a financing company for the needs of the D Shopping Malls Group and, as such, it is dependent on the business prospects and operating results of its Parent.

The organisational structure of the D Shopping Malls Group as at the Company Admission Document is illustrated in the diagram below:

B.5

The Issuer and Guarantor are both companies which were incorporated in August and July 2018 respectively and since their incorporation and up to the date of the Company Admission Document no financial statements have been prepared. There has not been any

significant change in the financial or trading position of the Issuer or the Guarantor, which has occurred since the companies' date of incorporation.

B.6 The Issuer is not intended to undertake any trading activities itself apart from the raising of capital and the advancing thereof to the Guarantor. Accordingly, the Issuer is economically dependent on the financial and operating performance of the Group.

The Issuer does not have any substantial assets and is essentially a special purpose vehicle set up to act as a financing company. The Issuer is, therefore, intended to serve as a vehicle through which the D Shopping Malls Group will continue to finance its future projects.

The Guarantor is the parent company of the Group and is principally engaged in investing in, acquiring, holding and/or managing any land, building or other property for the purpose of deriving income therefrom.

B.7 The Issuer was set up and established to act as a finance company. In terms of its Memorandum of Association, the main object for which the Issuer is constituted is to carry

on the business of a finance company in connection with the ownership, development, operation and financing of the business activities of any related company, whether in Malta or overseas, and thereby, to lend or advance money or otherwise give credit to any related company, with or without security, on such terms as the Directors may deem fit; and to invest and deal with the monies of related companies in such manner as the Directors may deem fit. The issue of bonds falls within the objects of the Issuer. Clause 3 of the Memorandum of Association contains the full list of objects of the Issuer.

The Guarantor, as the parent company of the Group, is principally engaged in investing in, acquiring, holding and/or managing any land, building or other property for the purpose of deriving income therefrom. In terms of its Memorandum of Association, the Guarantor is, amongst other things, empowered to guarantee the obligations of third parties up to an unlimited amount and/or to secure such guarantees by the constitution of a pledge over any of the Company's issued shares and/or by hypothecating any of the company's property, present and future, movable and immovable.

B.8 The Issuer's current authorised and issued share capital is €50,000 divided into (i) 49,999 ordinary A shares of €1 each, fully paid up and held by the Guarantor; and (ii) 1 ordinary B share of €1, fully paid up and held by Dizz Group of Companies Limited.

The Guarantor's current authorised share capital is €1,400,000 divided into 1,400,000 ordinary shares of €1 each and issued share capital is €721,200 divided into 721,200 ordinary shares of €1 each, fully paid up and held by Dizz Group of Companies Limited (company registration number C 64435).

The Issuer and the Guarantor are ultimately owned 100% by Ms Diane Izzo and Mr Karl Izzo, in equal shares.

B.9 In terms of the Guarantee, the Guarantor irrevocably and unconditionally guarantees to each Bondholder that if for any reason the Issuer fails to pay any sum payable by it to such Bondholder, pursuant to the terms and conditions of the Bonds, as and when the same shall become due, the Guarantor will pay to such Bondholder on demand the amount payable by the Issuer to such Bondholder.

The obligations of the Guarantor under the Guarantee shall remain in full force and effect until no sum remains payable to any Bondholder pursuant to the issue of the Bonds.

SECTION C – THE SECURITIES

C.1 The Issuer shall issue an aggregate of €7.5 million in Bonds 2028 having a nominal value of €100 per Bond, subject to a minimum subscription of €5,000 in Bonds and multiples of €100 thereafter, pursuant to an offer made in accordance with this Company Admission Document to less than 150 persons per Member State of the European Union or a state forming part of the European Economic Area as provided in Article 2(3)(b)(ii) of the Companies Act, not including qualified investors (as the term is defined in the Companies Act). The Bonds will be issued in fully registered form and will be represented in uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer at the CSD. On admission to trading on Prospects MTF, the Bonds will have the following ISIN: MT0002001205. The Bonds shall bear interest at the rate of 5.35% per annum. The Bonds shall be repayable in full upon maturity unless previously re-purchased and cancelled, provided that the Issuer reserves the right to purchase any Bonds on the

secondary market, at the price they would be trading at the time, prior to the Bonds' Redemption Date.

C.2	The Bonds are denominated in Euro (€).
C.3	The Bonds are freely transferable and, once admitted to the Prospects MTF, shall be transferable only in whole in accordance with the rules and regulations of the MSE applicable from time to time.
C.4	<p>Subject to the terms of the offer being made pursuant to this Company Admission Document, investors wishing to participate in the Bonds will be able to do so by duly executing the appropriate Application Form in relation to the Bonds. Execution of the Application Form will entitle such investor to:</p> <ul style="list-style-type: none">i. the receipt of interest;ii. the repayment of capital;iii. ranking with respect to other indebtedness of the Issuer and Guarantor in accordance with the status of the Bonds, as follows: “the Bonds constitute the general, direct, unconditional and unsecured obligations of the Issuer, guaranteed by the Guarantor, and shall at all times rank <i>pari passu</i>, without any priority or preference among themselves and with other outstanding and unsecured debt of the Issuer and Guarantor, present and future”;iv. attend, participate in and vote at meetings of Bondholders in accordance with the Terms and Conditions of the Bond Issue; andv. enjoy all such other rights attached to the Bonds emanating from the Company Admission Document. <p>The Bonds would rank after any future debts which may be secured by a cause of preference such as a pledge, privilege and/or a hypothec.</p>
C.5	The issue and allotment of the Bonds is conditional upon the Bonds being admitted to the Prospects MTF List of the MSE. The Bonds shall bear interest from and including 29 October 2018 at the rate of 5.35% per annum on the nominal value thereof, payable annually in arrears on each Interest Payment Date. The first interest payment will be affected on 28 October 2019 (covering the period 29 October 2018 to 28 October 2019). For Bonds issued at the Bond Issue Price, the gross yield calculated on the basis of the Interest, the Bond Issue Price and the Redemption Value of the Bonds at Redemption Date is 5.35%. The Bonds will mature on 28 October 2028, unless previously repurchased and cancelled. The Issuer may at any time purchase the Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike. All Bonds so purchased will be cancelled forthwith and may not be re-issued or re-sold.
C.6	Application has been made to the MSE for the Bonds to be issued pursuant to the Company Admission Document and to be admitted and traded on its Prospects MTF. The Bonds are expected to be admitted to Prospects MTF with effect from 29 October 2018 and trading is expected to commence on 30 October 2018. While the MSE has disclaimed responsibility for the contents of this Company Admission Document, it has authorised the issue of the said Admission Document in respect of this Application. Dealing may commence prior to notification of the amount allotted being issued to Applicants.

SECTION D – RISKS

Holding of a Bond involves certain risks. Prospective investors should carefully consider, with their own independent financial and other professional advisors, the following risk factors and other investment considerations as well as all the other information contained in the Company Admission Document before deciding to acquire the Bonds. Prospective investors are warned that by investing in the Bonds they may be exposing themselves to significant risks that may have the consequence of losing a substantial part or all of their investment.

The Company Admission Document contains statements that are, or may be deemed to be, “forward-looking statements”, which relate to matters that are not historical facts and which may involve projections of future circumstances. These forward-looking statements are subject to a number of risks, uncertainties and assumptions and important factors that could cause actual risks to differ materially from the expectations of the Issuer’s and Guarantor’s respective directors. No assurance is given that the future results or expectations will be achieved.

In so far as prospective investors seek advice from Authorised Intermediaries concerning an investment in the Bonds, Authorised Intermediaries are to determine the suitability of prospective investors’ investment in the Bonds in the light of said prospective investors’ own circumstances. The Bonds may not be a suitable investment for all investors. In particular, Authorised Intermediaries should determine whether each prospective investor: (i) has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in the Company Admission Document or any applicable supplement; (ii) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of his/her/its particular financial situation, an investment in the Bonds and the impact the Bonds will have on his/her/its overall investment portfolio; (iii) has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor’s currency; (iv) understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets; and (v) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks.

Below is a summary of the principal risks associated with the Bonds of the Company (refer to section 3 for further detail) – there may be other risks which are not mentioned in this Summary and/or in this Company Admission Document. Investors are therefore urged to consult their own financial or other professional advisors with respect to the suitability of investing in the Bonds.

D.1 Risks relating specifically to the Issuer

- i. The Issuer has the function of acting as a finance company, with its main purpose being that of financing the funding requirements of the Guarantor, and as such, its assets consist of the loans to be issued to the Guarantor, as mentioned hereinafter in section E.1. Consequently, the Issuer is entirely dependent on receipt of interest and loan repayments from the Guarantor.
- ii. The D Shopping Malls Group is ultimately owned exclusively by Diane Izzo and Karl Izzo, in equal proportions respectively. The Issuer is owned as to 99.998% by the Guarantor and 0.002% by Dizz Group of Companies Limited, who exercise effective control over the Issuer. These individuals are considered important to the success of the Issuer and the unexpected loss of any of these persons or a dilution in their

influence over the Issuer and their business could have an adverse effect on the Issuer. There can be no assurance that such individuals will not at any time during the term of the Bonds dispose of any interest, direct or indirect, in the Issuer or the D Shopping Malls Group.

- iii. This Company Admission Document features projected revenues of the D Shopping Malls Group. Forecasts are inherently subject to the risks of adverse unexpected events which may affect the revenue streams and profitability of the D Shopping Malls Group or the Issuer. The forecasts set out in this Company Admission Document are dependent on a number of assumptions and future expectations that may or may not occur. The non-occurrence of those future expectations could have material effects on the financial position and results of the D Shopping Malls Group and the Issuer.

D.2 Risks relating to the D Shopping Malls Group and its business

- i. At the date of this Company Admission Document, approval of the Commercial Sports Facilities Commission was not yet received and consequently a full development permit to the change of use of the property from sports facilities to Class 4 commercial property at Level 0 and Class 5 financial, professional and other offices at Level -1 was not yet submitted and approved. Furthermore, the permit to excavate Center Parc site, construct two levels of underground parking, construct level of retail and DIY space with ancillary facilities and construct recessed first floor of retail space and offices (Class 4A & 4B) as well as to sanction extra excavations from that approved in PA/05444/16 is still pending. In addition, the assignment agreement between Dizz Limited and the Guarantor relating to the Center Parc property has not yet been finalised. The leasing of the D Mall is subject to the successful approvals from the Commercial Sports Facilities Commission and Planning Authority, whilst the leasing of Center Parc is subject to the successful approval from the Planning Authority and subsequent development by Center Parc Holdings Ltd, as well as the conclusion of the assignment agreement between Dizz Limited and the Guarantor. Should the necessary approvals, assignment and permits not be obtained for whatever reason or should they take long to be obtained, the Guarantor will not be in a position to manage and/or operate D Mall and Center Parc and/or benefit from the revenue generated from the lease of the office and/or retail spaces forming part of D Mall and Center Parc, according to the Group's projections.
- ii. The Issuer relies on the revenues it expects to generate from the lease of office and/or retail and/or residential spaces forming part of the Properties. There can be no guarantee that the Issuer will find and/or continue to find suitable tenants for these Properties on the terms it seeks from time to time. In addition, the financial stability of the Issuer's tenants may change over time. Defaults by tenants could result in a reduction in rental revenue, which could require the D Shopping Malls Group to incur costs in enforcing rights under the lease of a defaulting tenant, including eviction and re-leasing costs. Any adverse changes in tenants' financial condition may negatively affect cash flows generated by the tenants. Further, if the Guarantor's tenants decide to terminate the lease, the Guarantor may not be able to re-let their space on terms not less favourable than those it currently applies or expects to apply, if at all. If tenants were to default on or fail to renew their leases, the Guarantor may need to expend significant time and money in attracting replacement tenants. Any of the foregoing factors may adversely affect the business, financial condition and results of operations of the D Shopping Malls Group.

- iii. The property market in Malta is a very competitive market that can influence the lease of office and/or retail and/or residential spaces forming part of the D Shopping Malls Group.
- iv. The Issuer's operations and the results of its operations are subject to a number of market and economic conditions generally which may have a significant impact on the lease of office and/or retail and/or residential spaces of the D Shopping Malls Group. These include factors such as the state of the local property market, general market conditions, inflation and fluctuations in interest rates, exchange rates, property prices and other economic and social factors affecting demand for real estate generally.
- v. A portion of the D Shopping Malls Group's costs are fixed and operating results are vulnerable to short-term changes in its revenue.
- vi. At the date of this Company Admission Document, the terms of the purchase and acquisition of the Laguna property are set out in a promise of sale agreement and therefore the acquisition is subject to the successful conclusion of the final deed of sale. Should the seller of the Laguna property or the Guarantor fail to appear on the final deed of sale for whatever reason including but not limited to the fulfilment of the conditions to which completion is subject, the Guarantor will not be in a position to manage and lease the Laguna property and benefit from the revenue generated from the lease forming part of the Laguna property.
- vii. The D Shopping Malls Group will have a material amount of debt and may incur additional debt in connection with its future growth. The D Shopping Malls Group's indebtedness could adversely affect its financial position as well as its ability to raise further finance in future.
- viii. The D Shopping Malls Group believes that its growth is partially attributable to the efforts and abilities of the members of its executive management team and other key personnel. If one or more of the members of this team were unable or unwilling to continue in their present position, the D Shopping Malls Group might not be able to replace them within the short term, which could have a material adverse effect on the D Shopping Malls Group's business, financial condition and results of operations.
- ix. Historically, the Dizz Group has maintained insurance at levels determined by the Dizz Group to be appropriate in light of the cost of cover and the risk profiles of the business in which the Dizz Group operates. It is intended for the D Shopping Malls Group to adopt a similar policy in respect of insurance coverage for its operations. With respect to losses for which the D Shopping Malls Group shall be covered by its policies, it may be difficult and may take time to recover such losses from insurers. In addition, the D Shopping Malls Group may not be able to recover the full amount from the insurer. No assurance can be given that the D Shopping Malls Group's insurance coverage will be sufficient to cover all potential losses, regardless of the cause, nor can any assurance be given that an appropriate coverage would always be available at acceptable commercial rates.
- x. As with any business, the D Shopping Malls Group is at risk in relation to changes in laws and regulations and timing and effects of changes in the laws and regulations to which it is subject, including changes in the interpretation thereof which cannot be predicted. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Company Admission Document upon the business and operations of D Shopping Malls Group companies.

- xi. Reputational risk could be particularly damaging for the D Shopping Malls Group since the nature of its business requires maintaining the confidence of clients and of the general marketplace.
- xii. The nature of the D Shopping Malls Group's business necessitates that adequate importance is given to maintaining compliance with international health and safety standards. The failure to comply with such standards could expose the D Shopping Malls Group to third party claims which could in turn have a material adverse effect on its business and profitability.
- xiii. All industries are subject to legal claims, with and without merit. Defence and settlement costs can be substantial, even with respect to claims that have no merit. Due to the inherent uncertainty of the litigation and dispute resolution process, there can be no assurance that the resolution of any particular legal proceeding or dispute will not have a material adverse effect on the D Shopping Malls Group's future cash flow, results of operations or financial condition.
- xiv. The D Shopping Malls Group's activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk and fair value risk), credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the financial performance of the D Shopping Malls Group.
- xv. Information technology systems failure or disruption could impact the D Shopping Malls Group's day-to-day operations.
- xvi. Failure to protect customers' confidential and/or personal information could significantly impact the D Shopping Malls Group's reputation and expose the D Shopping Malls Group to litigation and/or penalties.

D.3 Essential information on the key risks specific to the Bonds

An investment in the Bonds involves certain risks, including those set out below in this section. In deciding whether to make an investment in the Bonds, prospective investors are advised to carefully consider, with their own independent financial and other (including tax, legal and regulatory) professional advisors, the following risk factors (not listed in order of priority) and other investment considerations, together with all the other information contained in the Company Admission Document:

- i. Prior to the Bond Issue, there has been no public market nor trading record of the Bonds within or outside Malta. Due to the absence of any prior market for the Bonds, there can be no assurance that the Bond Issue Price will correspond to the price at which the Bonds will trade in the market subsequent to the Bond Issue.
- ii. Only upon successful admission, may the Bonds be traded on Prospects MTF but will NOT be traded on any regulated market. Hence, the market for the Bonds may be less liquid than a regulated market and a Bondholder may find it more difficult to identify willing buyers for their Bonds. The existence of an orderly and liquid market depends on a number of factors. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at all.

- iii. Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.
- iv. A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the investor's currency of reference, if different.
- v. No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time.
- vi. The Issuer is entitled to issue Bonds bearing a fixed rate of interest. Investment in such fixed rate Bonds involves the risk that subsequent changes in market interest rates may adversely affect the market value of the said Bonds. Investors should also be aware that the price of the fixed rate bonds moves adversely to changes in interest rates.
- vii. The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds will be repayable in full upon maturity on the Redemption Date unless the Bonds are previously re-purchased and/or cancelled.
- viii. Application has been made to the MSE for the Bonds to be admitted and traded on Prospects MTF. Prospects MTF is a market regulated as a multilateral trading facility and operated by the MSE and provides a venue for SMEs to float their securities. Consequently, this market is designed primarily for companies to which a higher risk than that associated with established companies tends to be attached. A prospective investor should be aware of the potential risks in investing in such companies and should make the decision to invest only after careful consideration and consultation with his or her own independent financial advisor.
- ix. Even after the Bonds are admitted to trading on Prospects MTF, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain eligible to trade on Prospects MTF in terms of the Prospects MTF Rules issued by the Exchange as amended from time to time. Moreover, the MSE has the authority to suspend trading of the Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or the integrity or reputation of the market. The MSE may discontinue the trading of the Bonds on Prospects MTF. Any such trading suspension or listing revocations/discontinuance could have a material adverse effect on the liquidity and value of the Bonds.
- x. The Bonds shall constitute the general, direct, unconditional and unsecured obligations of the Issuer, and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor. The Bonds shall at all times rank *pari passu*, without any priority or preference among themselves and, save for such exceptions as may be provided by applicable law, shall rank without priority and preference to all other present and future unsecured obligations of the Issuer and the Guarantor. The Bonds will, however, rank subordinate to the present and future secured creditors of the Issuer and the Guarantor, if any. Furthermore, subject to the negative pledge (section 22.5 of this Company Admission Document), third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer and the Guarantor for so long as such security interests remain in effect.

- xii. In view of the fact that the Bonds are being guaranteed by the Guarantor, Bondholders are entitled to request the Guarantor to pay both the interest due and the principal amount under said Bonds if the Issuer fails to meet any amount, when due. The strength of this undertaking on the part of the Guarantor and, therefore, the level of recoverability by the Bondholders from the Guarantor of any amounts due under any of the Bonds is dependent upon and directly linked to the financial position and solvency of the Guarantor, such that the level of recoverability is further dependent upon the existence or otherwise of any prior ranking claims over the assets of the Guarantor. Furthermore, subject to the negative pledge clause (section 22.5 of this Company Admission Document), third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer and of the Guarantor, as the case may be, for so long as such security interests remain in effect.
- xiii. The issue and allotment of the Bonds is conditional upon the Bonds being admitted to the Prospects MTF List.
- xiv. The Issuer has not sought, nor does it intend to seek, the credit rating of an independent rating agency and there has been no assessment by any independent rating agency of the Bonds.
- xv. In the event that the Issuer wishes to amend any of the Terms and Conditions of the issue of the Bonds it shall call a meeting of Bondholders in accordance with the provisions of section 22.16 of the Company Admission Document. These provisions permit defined majorities to bind all Bondholders, including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority.
- xvi. The Bonds and the Terms and Conditions of the Bond Issue are based on the requirements of the Prospects MTF Rules, the Companies Act and applicable regulations in effect as at the date of the Company Admission Document. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Company Admission Document.
- xvii. The funds or assets constituting the Sinking Fund (as described in section 22.24 of the Company Admission Document) shall be held by Jesmond Mizzi Financial Advisors Limited as trustees for the benefit of the Issuer. In accordance with Section 302 of the Act, in the event of winding up of the Issuer, where the assets are insufficient to meet the liabilities, the right of secured and unsecured creditors (which include the Bondholders) and the priority and ranking of their debts shall be regulated by the law for the time being in force. Accordingly, in view of the unsecured rights of Bondholders under the Bonds, any secured creditors of the issuer shall have recourse to the funds or assets constituting the sinking fund to satisfy their secured claims with priority over Bondholders.

SECTION E – SECURITIES

E.1 USE OF PROCEEDS

The proceeds from the Bond Issue, which net of issue expenses are expected to amount to approximately €7,318,000, will be used by the Issuer for the following purposes in the following order of priority, and should the amount not be utilised in full, such additional proceeds will be used for the following purposes:

- A. a maximum amount €611,000 will be advanced under title of loan to the Guarantor to pay the final payment on the Laguna property upon deed of sale, inclusive of any professional fees, stamp duty and furniture expenses. Until such time the said payment becomes legally due, the proceeds shall be held on escrow by the Escrow Agent;

Payment of Interest on a Bond will be made to the person in whose name such Bond is registered at the close of business 15 days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time. Any Interest Payment Date which falls on a day other than a Business Day will be carried over to the next following day that is a Business Day.

7. Transferability of the Bonds

The Bonds are freely transferable and once admitted to the Prospects MTF, shall be transferable only in whole (in multiples of €100) in accordance with the rules and regulations of Prospects MTF and the MSE applicable from time to time. If the Bonds are transferred in part, such an attempted partial transfer will not be cleared and the transferee thereof will not be registered as a Bondholder or become entitled to claim from the Issuer any purported benefit therefrom.

8. Register of Bondholders

Certificates will not be delivered to Bondholders in respect of the Bonds in virtue of the fact that the entitlement to Bonds will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer by the CSD. There will be entered in such electronic register the names, addresses, identity card numbers, registration numbers and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively, and the Bondholders shall have, at all reasonable times during business hours, access to the register of Bondholders held at the CSD for the purpose of inspecting information held on their respective account.

9. Meetings of Bondholders

The Issuer may, from time to time, call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of obtaining the consent of Bondholders on matters which in terms of the Company Admission Document require the approval of a Bondholders' meeting.

10. Governing Law and Jurisdiction

The Bonds have been created, and the Bond Issue relating thereto is being made, in accordance with the Companies Act. 11 Sinking Fund

The Issuer undertakes that as from the financial year ending 31 December 2024 it shall, over a period of five years, build a Sinking Fund the value of which will by the Redemption Date be equivalent to 100% of the value of the issued Bonds.

The Issuer shall make periodic payments for the purpose of building up the Sinking Fund. The following table sets out the minimum amounts to be paid by the Issuer for this purpose:

Sinking fund contribution for the years ending 31 December

€000	2024	2025	2026	2027	2028

COMPANY ADMISSION DOCUMENT: PART ONE

3 RISK FACTORS

AN INVESTMENT IN THE BONDS INVOLVES CERTAIN RISKS INCLUDING THOSE DESCRIBED BELOW. PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER WITH THEIR OWN INDEPENDENT FINANCIAL AND OTHER PROFESSIONAL ADVISORS, THE FOLLOWING RISK FACTORS AND OTHER INVESTMENT CONSIDERATIONS AS WELL AS ALL THE OTHER INFORMATION CONTAINED IN THIS COMPANY ADMISSION DOCUMENT, BEFORE DECIDING TO MAKE ANY INVESTMENT DECISION WITH RESPECT TO THE ISSUER AND/OR THE GUARANTOR. SOME OF THESE RISKS ARE SUBJECT TO CONTINGENCIES WHICH MAY OR MAY NOT OCCUR AND NEITHER THE ISSUER NOR THE GUARANTOR ARE IN A POSITION TO EXPRESS A VIEW ON THE LIKELIHOOD OF ANY SUCH CONTINGENCIES OCCURRING. THE SEQUENCE IN WHICH THE RISKS BELOW ARE LISTED IS NOT INTENDED TO BE INDICATIVE OF ANY ORDER OF PRIORITY OR OF THE EXTENT OF THEIR CONSEQUENCES.

IF ANY OF THE RISKS DESCRIBED BELOW WERE TO MATERIALISE, THEY COULD HAVE A SERIOUS EFFECT ON THE ISSUER'S AND/OR GUARANTOR'S FINANCIAL RESULTS AND TRADING PROSPECTS AND THE ABILITY OF THE ISSUER AND/OR GUARANTOR TO FULFILL THEIR RESPECTIVE OBLIGATIONS UNDER THE SECURITIES ISSUED BY THE ISSUER FROM TIME TO TIME. THE RISKS AND UNCERTAINTIES DISCUSSED BELOW ARE THOSE IDENTIFIED AS SUCH BY THE DIRECTORS OF THE ISSUER AND THE GUARANTOR AS AT THE DATE OF THE COMPANY ADMISSION DOCUMENT, BUT THESE RISKS AND UNCERTAINTIES MAY NOT BE THE ONLY ONES THAT THE ISSUER AND GUARANTOR MAY FACE. ADDITIONAL RISKS AND UNCERTAINTIES, INCLUDING THOSE WHICH THE ISSUER'S AND/OR GUARANTOR'S DIRECTORS ARE NOT CURRENTLY AWARE OF, MAY WELL RESULT IN A MATERIAL IMPACT ON THE FINANCIAL CONDITION AND OPERATIONAL PERFORMANCE OF THE ISSUER AND/OR GUARANTOR.

NEITHER THIS COMPANY ADMISSION DOCUMENT NOR ANY OTHER INFORMATION SUPPLIED HEREIN IN CONNECTION WITH THE BONDS ISSUED BY THE ISSUER (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION, NOR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER OR THE GUARANTOR OR THE CORPORATE ADVISOR OR THE PLACEMENT AGENT, MANAGER, REGISTRAR AND TRUSTEE OR AUTHORISED INTERMEDIARIES THAT ANY RECIPIENT OF THE COMPANY ADMISSION DOCUMENT, OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION THEREWITH, SHOULD PURCHASE ANY SECURITIES ISSUED BY THE ISSUER. PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

3.1 Forward-looking statements

The Company Admission Document and the documents incorporated therein by reference or annexed thereto contain forward-looking statements that include, among others, statements concerning the Issuer's and/or Guarantor's strategies and plans relating to the attainment of its objectives, capital requirements and other statements of expectations, beliefs, future plans and strategies, anticipated developments and other matters that are not historical facts and which may, accordingly, involve predictions of future circumstances. Prospective investors can generally identify forward-looking statements by the use of terminology such as "may", "will", "expect", "intend", "plan", "estimate", "forecast", "anticipate", "believe" or similar phrases. Such forward-looking statements are inherently subject to a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer's and/or Guarantor's control.

Important factors that could cause actual results to differ materially from the expectations of the Issuer's and/or Guarantor's directors include those risks identified under this heading "Risk Factors" and elsewhere in the Company Admission Document. If any of the risks described were to materialise, they could have a material adverse effect on the Issuer's and/or Guarantor's financial results, trading prospects and the ability of the

Issuer and/or Guarantor to fulfil their respective obligations under the securities to be issued in terms of the Company Admission Document.

Accordingly, the Issuer and/or Guarantor caution prospective investors that these forward-looking statements are subject to risks and uncertainties that could cause actual events or results to differ materially from those expressed or implied by such statements, that such statements do not bind the Issuer and/or Guarantor with respect to future results and no assurance is given that the projected future results or expectations covered by such forward-looking statements will be achieved.

Prospective investors are advised to read the Company Admission Document in its entirety and, in particular, the sections entitled “Risk Factors” for a further discussion of the factors that could affect the Issuer’s and/or Guarantor’s future performance. In the light of these risks, uncertainties and assumptions, the events described in the forward-looking statements in the Company Admission Document may not occur. All forward-looking statements contained in the Company Admission Document are made only as at the date hereof. Subject to the Prospects MTF Rules, the Issuer, Guarantor and their respective Directors expressly disclaim any obligations to update or revise any forward-looking statements contained herein to reflect any change in expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds will be repayable in full upon maturity, unless the Bonds are previously re-purchased and/or cancelled. An investment in the Bonds involves certain risks, including those described below.

3.2 Risks relating specifically to the Issuer

3.2.1 Risks relating specifically to the Issuer’s reliance on the Guarantor and the D Shopping Malls Group

The Issuer was established on 13 August 2018 and, accordingly, has no trading record or history of operations. Furthermore, the Issuer itself does not have any substantial assets and is essentially a special purpose vehicle set up to act as a financing company solely for the needs of the D Shopping Malls Group and, as such, its assets are intended to consist primarily of a loan issued to the Guarantor.

The Issuer is dependent on the business prospects of the D Shopping Malls Group and, consequently, the operating results of the D Shopping Malls Group have a direct effect on the Issuer’s financial position. Therefore, the risks intrinsic in the business and operations of the D Shopping Malls Group companies have a direct effect on the ability of the Issuer and the Guarantor to meet their respective obligations in connection with the payment of Interest on the Bonds and repayment of principal when due. Accordingly, the risks of the Issuer are indirectly those of the D Shopping Malls Group and, in turn, all risks relating to the D Shopping Malls Group are the risks relevant to the Guarantor.

Specifically, the Issuer is principally dependent, including for the purpose of servicing the Interest payments on the Bonds and the repayment of the principal amount on Redemption Date, on the receipt of interest payments and loan repayments from the Guarantor.

The interest payments and loan repayments to be effected by the Guarantor are subject to certain risks. More specifically, the ability of the Guarantor to effect payments to the Issuer will depend on the cash flows and earnings of the Guarantor, which may be restricted by changes in applicable laws and regulations; by the terms of agreements to which they are or may become party; or by other factors

beyond the control of the Issuer and/or Guarantor. The occurrence of any such factor could, in turn, negatively affect the ability of the Issuer and the Guarantor to meet their respective obligations in connection with the payment of Interest on the Bonds and repayment of principal when due.

3.2.2 Concentration of shareholding

The D Shopping Malls Group, through its ultimate Parent, Dizz Group of Companies Limited, is owned exclusively by Diane Izzo and Karl Izzo, in equal proportions respectively. In turn, the Issuer is owned as to 99.998% by the Guarantor and 0.002% by Dizz Group of Companies Limited, meaning the owners of both the D Shopping Malls Group and the Dizz Group exercise effective control over the Issuer. These individuals are considered important to the success of the Issuer and the unexpected loss of any of these persons or a dilution in their influence over the Issuer and its business could have an adverse effect on the Issuer. There can be no assurance that such individuals will not at any time during the term of the Bonds dispose of any interest, direct or indirect, in the Issuer or the D Shopping Malls Group.

3.2.3 Issuer's potential exposure to certain financial risks

The Issuer's activities are potentially exposed to a variety of financial risks, including interest rate risk. The Issuer may be exposed to the risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financing position and cash flows.

3.2.4 Risks inherent in forecasts

This Company Admission Document features projected revenues of the D Shopping Malls Group. Forecasts are inherently subject to the risks of adverse unexpected events which may affect the revenue streams and profitability of the D Shopping Malls Group or the Issuer. The forecasts set out in this Company Admission Document are dependent on a number of assumptions and future expectations that may or may not occur. The non-occurrence of those future expectations could have material effects on the financial position and results of the D Shopping Malls Group and the Issuer. The said forecasts are therefore merely an illustration of a possible future outcome which may or may not occur and the Issuer, its directors, officers and advisers make no representation as to their accuracy or likelihood of occurrence.

3.3 Risks relating to the D Shopping Malls Group and its business

3.3.1 General

The D Shopping Malls Group is subject to a number of risks which could have an adverse effect on its business and the result of operations. These risks include, but are not limited to, the risks mentioned below.

3.3.2 Risks relating to the issuance of approval and permits on D Mall

At the date of this Company Admission Document, approval of the Commercial Sports Facilities Commission was not yet received and consequently a full development permit to change of use of the property from sports facilities to Class 4 commercial property at Level 0 and Class 5 financial, professional and other offices at Level -1 was not yet submitted and approved. The leasing of the D Mall is subject to the successful approvals from the Commercial Sports Facilities Commission and Planning Authority. Should the necessary approvals and permits not be obtained for whatever reason or should they take long to be obtained, the Guarantor will not be in a position to manage and/or operate the D Mall and/or benefit from the revenue generated from the lease of the office and/or retail spaces forming part of D Mall, according to the Group's projections.

3.3.3 Risks relating to the issuance permits on Center Parc

At the date of this Company Admission Document, PA/05491/16 to excavate site, construct two levels of underground parking, construct level of retail and DIY space with ancillary facilities and construct receded first floor of retail space and offices (Class 4A & 4B), as well as sanction extra excavations from that approved in PA05444/16 was still pending, with a target date of 1 October 2018. In addition, the assignment agreement between Dizz Limited and the Guarantor relating to the Center parc property has not yet been finalised. The leasing of Center Parc is subject to the successful development of Center Parc property and the conclusion of the assignment agreement between Dizz Limited and the Guarantor. Should the necessary permit or assignment agreement not be obtained for whatever reason or should they take long to be obtained, the Guarantor will not be in a position to manage and/or operate Center Parc and/or benefit from the revenue generated from the lease of retail space forming part of Center Parc, according to the Group's projections.

3.3.4 Risks relating to reliance on lease of office and/or retail spaces and/or residential space forming part of the Properties

In its business operations, the Guarantor shall enter into sub-lease agreements with third parties pursuant to which it grants such third parties the right to use the office and/or retail and/or residential spaces forming part of the Properties for an agreed annual rate (the base rent) and, in the case of the retail outlets in the D Mall, a turnover rent, which will be calculated as a pre-determined percentage of the turnover that the tenant generates, if the turnover that is generated by that unit exceeds a specified amount. Consequently, the Guarantor relies on the revenues it expects to generate from the lease of office and/or retail and/or residential spaces forming part of the Properties.

There can be no guarantee that the Guarantor will find suitable tenants for these Properties on the terms it seeks from time to time. In addition, the financial stability of the tenants may change over time. Defaults by tenants could result in a reduction in rental revenue, which may require the D Shopping Malls Group to contribute additional capital or obtain alternative financing. In addition, the Guarantor may incur costs in enforcing rights under the lease agreement of a defaulting tenant, including legal fees, eviction, re-possession of the space/s granted on lease and costs to grant a lease of the re-possessioned space to a new third-party/ies.

Any adverse changes in a tenant's financial condition may negatively affect cash flows generated by the tenants, which in turn, may affect the cash flows generated by the D Shopping Malls Group. Further, if the Guarantor's tenants shall be undesirous to renew the lease following expiration, or decide to terminate the lease prior to termination where the lease agreement allows for early termination thereof, the Guarantor may not be able to re-let their space on terms not less favourable than those it currently applies or expects to apply, if at all.

If tenants were to default on or fail to renew their leases, the Guarantor may need to expend significant time and money in attracting replacement tenants. In cases of early termination by tenants prior to the expiration of the lease term, there is a risk of loss of rental income if the tenant is not replaced in a timely way and on the same terms.

Any of the foregoing factors may adversely affect the business, financial condition and results of operations of the D Shopping Malls Group.

3.3.5 The property market is a very competitive market that can influence the lease of the office and/or retail and/or residential spaces

The real estate market in Malta is very competitive in nature. An increase in supply and/or a reduction in demand in the property segments in which the D Shopping Malls Group targets to lease the office

and/or retail and/or residential spaces comprising the Properties, may cause the lease of the office and/or retail and/or residential spaces forming part of the Properties to be leased at lower lease considerations than is being anticipated by the D Shopping Malls Group or may cause the lease of such office and/or retail and/or residential spaces to take place at a slower pace than that anticipated by the D Shopping Malls Group. If these risks were to materialise, they could have an adverse impact on the business, financial condition and results of operations of D Shopping Malls Group, and its ability to repay the Bonds and interest thereon.

3.3.6 Competition

The Guarantor's tenants are susceptible to competition from retail outlets and office blocks which are in the vicinity of Tigne Point, St. Julian's, Qormi and other areas, other shopping centres which offer the same amenities, television shopping networks as well as online shopping. Increases in the level of competition could impact the results of the D Shopping Malls Group's operations.

3.3.7 Risks relating to changes in the market and economic conditions

The D Shopping Malls Group's business activities (as described in section 6) are concentrated in and aimed at the Maltese market, which is its geographical scope. Accordingly, the D Shopping Malls Group is highly susceptible to adverse economic and political conditions which may from time to time be felt in Malta, thereby rendering the D Shopping Malls Group's operations overly exposed to the social, political and economic stability in Malta, which, in the event of a downward trend could have a material adverse impact on the operations of the D Shopping Malls Group. Negative economic factors and trends in Malta, particularly those having an effect on the property market, could have a material impact on the business of the D Shopping Malls Group generally, and may adversely affect rental revenues, property values and results of operations. In addition, the D Shopping Malls Group may be impacted by increased competition from other similar developments and rising operational costs.

Over the past few years, new shopping and office leasing centres have been introduced to the local market. Should such new shopping and office leasing centres introduced on the local market have larger customer bases and greater financial and other resources than the D Shopping Malls Group, the business of the D Shopping Malls Group may be adversely affected. Severe competition in the local market and changes in economic and market conditions could adversely affect the D Shopping Malls Group's business and operating results and may have a significant impact on the lease of office, retail and residential space forming part of the Properties.

The health of the commercial rental market and residential market may be affected by a number of factors such as the national economy, political developments, fluctuations in consumer demand, financial market volatility, inflation, property prices, interest rates, exchange rates, the health of the local retail markets, direct and indirect taxation, wage rates, utility costs, unemployment, tightening of credit markets, government spending and budget priorities and other general market and economic conditions.

In the event that general market and economic conditions were to experience a downturn, these weakened conditions may adversely affect rental revenues, property values and results of operations, potentially having a serious effect on D Shopping Malls Group's financial position, cash flows and operational performance, as well as its ability to meet its obligations under the Bonds.

3.3.8 Risks relating to the retail sector

Tenants that will lease out retail outlets within the Properties will be affected by changing consumer trends and purchasing power of the consumers. If the tenants are unable to keep up with the changing

trends, they may face financial difficulties which could potentially translate in loss of revenues for the Group.

The health of the retail market may have a direct or indirect effect on the ability of the D Shopping Malls Group to execute the lease agreements. The health of the retail market may be affected by a number of factors, including, *inter alia*, consumer demand, tastes, shopping preferences, trends, online shopping, inflation, fluctuation in interest rates, exchange rates, direct and indirect taxation, regulations, energy and fuel costs, unemployment, wage rates, availability of credit, government spending and budget priorities, and other general market and economic conditions. These are particularly accentuated owing to the size of the Maltese market. A significant downturn in the performance of the retail sector could have a material adverse effect on the D Shopping Malls Group's business, financial position and results of operation.

3.3.9 Fixed operating expenses:

A portion of the D Shopping Malls Group's costs are fixed and operating results are vulnerable to short-term changes in its revenues. The D Shopping Malls Group's fixed operating expenses are not easily reduced to react to changes in its revenue by reducing its operating expenses, which could have a material adverse effect on its business, financial condition and results of operations.

3.3.10 Increases in operating and other expenses

The D Shopping Malls Group's operating and other expenses could increase without a corresponding increase in revenue. The factors which could materially increase operating and other expenses include:

- increases in the rate of inflation above the level of annual increments contracted with tenants;
- changes in laws, regulations or government policies;
- increases in insurance premia;
- unforeseen increases in the costs of maintaining the Properties;
- unforeseen capital expenditure;
- reputational risks and strategic and business risks materialising;
- unanticipated expenses as a result of acts of nature and their consequences; and
- material increases in operating costs that may not be fully recoverable from tenants.

3.3.11 Risk that D Mall property and Center Parc will not be handed to D Shopping Malls Group in a timely manner

The D Shopping Malls Group shall be leasing out the D Mall property from Sliema Wanderers Football Club and Center Parc property from Center Parc Holdings Limited, following assignment agreements within the Dizz Group. As D Mall property and Center Parc are in the process of being developed by Sliema Wanderers Football Club and Center Parc Holdings Limited respectively, the D Shopping Malls Group is at risk that Sliema Wanderers Football Club and Center Parc Holdings Limited will not hand over D Mall property and Center Parc in a timely manner. This could be due to several factors, all of which are outside the control of the D Shopping Malls Group, including but not limited to:

- delays in the development and construction of real estate property, which may be due to counterparties such as architects, engineers, contractors and sub-contractors, engaged in the demolition, excavation, construction and finishing of developments, who may fail to perform or default on their obligations due, whether due to insolvency, lack of liquidity, economic or market downturn, operational failure or other reasons;
- possible structural and environmental problems;
- the incurrence of cost overruns;

- insufficiency of resources;
- failure to conform with international health and safety regulatory requirements;
- exposure to environmental liabilities;
- suspension of works from any applicable authority or administrative body;
- possibility of legal disputes;
- force majeure, such as earthquakes and floods, that may damage the property or delay its development;
- introduction or changes to laws and regulations;
- interest rate fluctuations;
- inflation.

If these risks were to materialise and D Mall property and Center Parc are not handed over in a timely manner, there is a risk of loss of rental income until the Guarantor can commence operating the D Mall property and Center Parc, which in turn would have a material adverse effect on the D Mall Group's financial condition and prospects and accordingly on the repayment of the Bonds and interest thereon.

3.3.12 Acquisition of Laguna property subject to conclusion of final deed of sale

As at the date of this Company Admission Document, the terms of the purchase and acquisition of the Laguna property are set out in a promise of sale agreement between Spinola Development Company Limited and Dizz Finance p.l.c. (which agreement was ultimately assigned to the Guarantor on 10 September 2018). The acquisition is subject to the successful conclusion of the final deed of sale (refer to section 6.2.2.3 for further detail). Should the seller of the Laguna property or the Guarantor fail to appear on the final deed of sale for whatever reason including but not limited to the fulfilment of the conditions to which completion is subject, the Guarantor will not be in a position to manage and lease the Laguna property and benefit from the revenue generated from the lease forming part of the Laguna property.

3.3.13 Risks emanating from the Group's financing strategy

The D Shopping Malls Group may not be able to secure sufficient financing for its current and future investments. No assurance can be given that sufficient financing will be available on commercially reasonable terms or within the timeframes required by the D Shopping Malls Group. Any weakness in the capital markets may limit the D Shopping Malls Group's ability to raise capital for completion of projects that have commenced or for development of future properties. Failure to obtain, or delays in obtaining, the capital required to complete current or future developments and investments on commercially reasonable terms, including increases in borrowing costs or decreases in loan availability, may limit the D Shopping Malls Group's growth and materially and adversely affect its business, financial condition, results of operations and prospects.

3.3.14 Highly leveraged capital structure

As set out in further detail in section 8, the D Shopping Malls Group's projected funding plan indicates that the gearing ratio (net debt: total net funding) is projected to peak at 85% gearing following the issue of the Bonds (refer to section 8.2.2 for calculation of this ratio). Gearing is then projected to decrease as the level of retained earnings improves the shareholder equity base and as borrowings decrease over time.

This represents a high level of gearing in the initial years, which gives rise to all the risks typically associated with such highly leveraged capital structures. The principal risk in this respect is the fact that the debt service obligations resulting from such a capital structure will absorb a significant portion of

cash generation. Should the D Shopping Malls Group not manage to achieve its projected operating results, this will adversely impact gearing levels. Adverse changes to the D Shopping Malls Group's projected cash flows will reduce the projected level of debt service cover and may, therefore, adversely affect its ability to meet its debt service obligations.

3.3.15 The D Shopping Malls Group's dependence on its Chief Executive Officer and key senior personnel

The Dizz Group's key senior personnel and management have been and remain material to its growth. The Dizz Group believes that its growth is partially attributable to the efforts and abilities of the members of its executive management team and other key personnel, specifically Diane Izzo and Karl Izzo. The D Shopping Malls Group's future success will also depend, among other things, on the key senior personnel of the Dizz Group. If the Chief Executive Officer is unable or unwilling to continue in her present position, she may not be replaceable within the short term, which could have an adverse effect on the D Shopping Malls Group's business, financial condition and results of operations. Consequently, there is no guarantee that these objectives will be achieved to the degree expected should the Chief Executive Officer no longer be employed by the D Shopping Malls Group. Although no single person is instrumental in fulfilling the Group's business objectives, there is no guarantee that these objectives will be achieved to the degree expected following the loss of key personnel.

3.3.16 The D Shopping Malls Group's insurance policies

Historically, the Dizz Group has maintained insurance at levels determined by the Dizz Group to be appropriate in light of the cost of cover and the risk profiles of the business in which the Dizz Group operates. It is intended for the D Shopping Malls Group to adopt a similar policy in respect of insurance coverage for its operations. With respect to losses for which the D Shopping Malls Group shall be covered by its policies, it may be difficult and may take time to recover such losses from insurers. In addition, the D Shopping Malls Group may not be able to recover the full amount from the insurer. No assurance can be given that the D Shopping Malls Group's insurance coverage will be sufficient to cover all potential losses, regardless of the cause, nor can any assurance be given that an appropriate coverage would always be available at acceptable commercial rates.

3.3.17 Changes to laws and regulation

The D Shopping Malls Group is subject to a variety of laws and regulations, including but not limited to consumer legislation. The D Shopping Malls Group is at risk in relation to changes in the laws and regulations and the timing and effects of changes in the laws and regulations to which it is subject, including changes to the interpretation thereof, which cannot be predicted. No assurance can be given as to the impact of any possible judicial decision, change in law, regulation or administrative practice, after the date of this Company Admission Document, on the business and operations of the D Shopping Malls Group.

3.3.18 Reputational risk

Reputational risk is the risk that negative publicity regarding the D Shopping Malls Group's business practices, whether true or not, may cause a decline in the customer base, costly litigation, or revenue reductions. Reputational risk could be particularly damaging for the D Shopping Malls Group since the nature of its business requires maintaining the confidence of clients and of the general marketplace.

3.3.19 Health and safety

The nature of the D Shopping Malls Group's business necessitates that adequate importance is given to maintaining compliance with international health and safety standards. The failure to comply with

such standards could expose the D Shopping Malls Group to third party claims which could in turn have a material adverse effect on its business and profitability.

3.3.20 Risk of litigation

The D Shopping Malls Group is not presently involved in any pending or threatened governmental, legal or arbitration proceedings which, so far as the Directors are aware, may have, or have from their date of incorporation to the date of this Company Admission Document, a significant effect on the D Shopping Malls Group's financial position or operational performance. However, no assurance can be given that disputes which could have such an effect will not arise in the future. Due to the inherent uncertainty of the litigation and dispute resolution process, there can be no assurance that the resolution of any particular legal proceeding or dispute will not have a material adverse effect on the D Shopping Malls Group's future cash flow, results of operations or financial condition. Furthermore, exposure to litigation or fines imposed by regulatory authorities may affect the D Shopping Malls Group's reputation even though the monetary consequences may not be significant.

3.3.21 Certain financial markets risk

The D Shopping Malls Group may be exposed to a variety of financial risks associated with the unpredictability inherent in financial markets, including market risk (such as the risk associated with fluctuations in interest rates and fair values of investments), credit risk (the risk of loss by the Issuer due to its debtors not respecting their commitments), foreign exchange rate risk, and interest rate risk (such as the risk of potential changes in the value of financial assets and liabilities in response to changes in the level of market interest rates and their impact on cash flows).

3.3.22 Exposure to certain financial risks, including interest rate risk

The D Shopping Malls Group's activities potentially expose it to a variety of financial risks, including market risk (principally interest rate risk and fair value risk), credit risk and risks associated with the unpredictability of financial markets, all of which could have adverse effects on the financial performance of the D Shopping Malls Group.

Interest rate risk refers to the potential changes in the value of financial assets and liabilities in response to changes in the level of interest rates and their impact on cash flows. The D Shopping Malls Group may be exposed to the risks associated with the effects of fluctuations in the prevailing levels of the market interest rates on its financial position and cash flows.

3.3.23 Real Estate investments are illiquid

By the end of 2018, the Guarantor is expected to own the Laguna property, situated in Portomaso and the Qui-si-sana property, situated in Sliema (refer to section 6.2.2.3 and 6.2.2.4 respectively for further detail). Although it is not the intention of the Guarantor to dispose of these properties, since immovable property is a relatively illiquid asset, such illiquidity may affect the Guarantor's ability to dispose of or liquidate the Laguna property and/or Qui-si-sana property in a timely fashion and at satisfactory prices in response to changes in economic, real estate market or other conditions. The real estate market is affected by several factors which include general economic conditions, availability of financing, interest rates and other factors, such as supply and demand that are beyond the Guarantor's control. These factors could have an adverse effect on the Guarantor's financial condition and results.

3.3.24 Risk inherent in property valuation

The valuation referred to in this Company Admission Document is prepared by an independent qualified architect in accordance with the valuation standards published by the Royal Institution of

Chartered Surveyors. In providing a market value of the Laguna property and the Qui-si-sana property, the independent valuer has made certain assumptions which ultimately may cause the actual values to be materially different from any future values that may be expressed or implied by such forward-looking statements or anticipated on the basis of historical trends as reality may not match the assumptions. There can be no assurance that such property valuation and property-related asset will reflect actual market values.

3.3.25 Reliance on non-proprietary software systems and third-party IT providers

To varying degrees, the D Shopping Malls Group is reliant upon technologies and operating systems (including IT systems) developed by third parties for the running of its business, and is exposed to the risk of failures in such systems. Whilst the D Shopping Malls Group has service level agreements and disaster recovery plans to ensure continuity and stability of these systems, there can be no assurance that the service or systems will not be disrupted. Disruption to those technologies or systems and/or lack of resilience in operational availability could adversely affect the efficiency of the D Shopping Malls Group's business, financial condition and/or operating results.

3.3.26 Failure to protect customers' confidential information could significantly impact the Group's reputation and expose the D Shopping Malls Group to litigation

The D Shopping Malls Group must comply with restrictions on the use of customer data and ensure that confidential information (including financial and personal data) is transmitted in a secure manner over public networks. Despite controls to ensure the confidentiality, availability and integrity of customer data, the D Shopping Malls Group may inadvertently breach restrictions or may be subject to attack from computer programs that attempt to penetrate the network security and misappropriate confidential information. Due to advances in these programs, computing capabilities and other developments, there is no guarantee that the D Shopping Malls Group's security measures will be sufficient to prevent breaches. Any such breach or compromise of security could adversely impact the D Shopping Malls Group's reputation with current and potential customers, lead to litigation or penalties, and as a result, have a material adverse effect on its business, results of operations and overall financial condition.

3.3.27 Regulation regarding the use of personal customer data

The D Shopping Malls Group will process sensitive personal customer data (including possibly name, address, age, bank details and identification details) as part of its business and therefore will be required to comply with strict data protection and privacy laws and other regulatory restrictions, including industry standards and limitations. Such laws will restrict the ability of the D Shopping Malls Group to collect and use personal information including the marketing use of that information. The D Shopping Malls Group relies on third party contractors and employees to maintain databases and seek to ensure that procedures are in place to comply with the relevant data protection regulations. Notwithstanding such efforts, the D Shopping Malls Group is exposed to the risk that this data could be wrongfully appropriated, lost or disclosed, or processed in breach of data protection regulations, by or on behalf of the Group. If the Group, or any of the third party service providers on which the D Shopping Malls Group relies, fails to transmit customer information and online payment details in a secure manner, or if any such loss of personal customer data were otherwise to occur, the D Shopping Malls Group could face liability under data protection laws. This could also result in the loss of the goodwill of customers and deter new customers from the Group's products which would have a material adverse effect on the Group's businesses, financial condition and results of operations.

The D Shopping Malls Group's failure to keep apprised of, and comply with, privacy, data use and security laws, standards and regulations could result in the limitation, suspension or termination of services or the imposition of administrative, civil or criminal penalties, including fines which may result

pursuant to the General Data Protection Regulation (GDPR) as adopted by the EU. In addition, such failure or non-compliance may cause existing or potential customers to be reluctant to do business with the Group, and could damage the D Shopping Malls Group's reputation and brand. Customer and regulator attitudes towards privacy and data protection are evolving, and there could be adverse changes or developments in customer or regulatory concerns regarding the extent to which business and personal information and data are stored, processed or shared with advertisers or other third parties. In addition, to the extent more restrictive laws, rules or industry security requirements relating to business and personal information and data are adopted in the future or by specific industry bodies, such changes could have an adverse impact on the D Shopping Malls Group by increasing its costs or imposing restrictions on its business processes. Accordingly, the D Shopping Malls Group's failure to keep apprised of, and comply with, privacy, data use and security laws, standards and regulations, and any adverse changes or developments regarding user or regulatory concerns towards privacy and data protection or otherwise in the regulatory or legal landscape could have a material adverse effect on the Group's reputation, business, financial condition, results of operations and prospects. The D Shopping Malls Group's financial exposure to any actual or alleged breach of such regulations or standards may either not be insured against or not fully covered through any insurance maintained by the D Shopping Malls Group.

Furthermore, the GDPR has introduced new obligations on data controllers and rights for data subjects, including, among others:

- accountability and transparency requirements, which require data controllers to demonstrate and record compliance with the GDPR and to provide more detailed information to data subjects regarding processing;
- enhanced data consent requirements, which includes "explicit" consent in relation to the processing of sensitive data;
- obligations to consider data privacy as any new products or services are developed and limit the amount of information collected, processed, stored and its accessibility;
- limitation on using data to profile data subjects;
- providing data subjects with personal data in a useable format on request and erasing personal data in various circumstances; and
- reporting of breaches without undue delay, at times within 72 hours.

The GDPR also introduced new fines and penalties for a breach of requirements, including fines for serious breaches of up to the higher of 4% of annual worldwide turnover or €20m and fines of up to the higher of 2% of annual worldwide turnover or €10m (whichever is highest) for other specified infringements.

Compliance with data protection legislation could adversely impact the D Shopping Malls Group's business by increasing its operational and compliance costs. Further, there is a risk that measures are not implemented correctly or that individuals within the business will not be fully compliant with the procedures. If there are breaches of these measures, the D Shopping Malls Group could face significant administrative and monetary sanctions as well as reputational damage, as pointed out above, which may have a material adverse effect on its operations, financial condition and prospects.

6.2.2.2 Center Parc property, Qormi

Center Parc is a new establishment in Triq Hal-Qormi c/w, Triq it-Tigrija, Qormi, Malta, which is currently being developed as part of a mixed use development. The planning application for the demolition and excavation of site was approved on 17 May 2017 through PA/05444/16. However, the permit to excavate the site, construct two levels of underground parking, construct level of retail and DIY space with ancillary facilities and construct receded first floor of retail space and offices (Class 4A & 4B) as well as to the sanctioning of extra excavations from that approved in PA/05444/16 is still pending, with a target date of 1 October 2018. Following development, the property shall include 600 car parking spaces, retail outlets and a food court, with Decathlon as an anchor tenant.

On 1 September 2017, Dizz Limited and Center Parc Holdings Limited, entered into an agreement to lease c. 2,581 sqm of commercial space situated at third level (ground floor) of Center Parc Retail Hub, Triq it-Tigrija Qormi, Malta. The property is leased for a period of fifteen (15) years of which the first four (4) years are *di fermo*, whilst the remaining eleven (11) years are *di rispetto* at the option of the lessee, subject to a six-month notification period. If the lessee fails to inform the lessor twelve months prior

to the expiration of the *di fermo* period, the lease is automatically extended for the next eleven years. Dizz Limited is in the process of assigning the lease agreement to D Shopping Malls Limited.

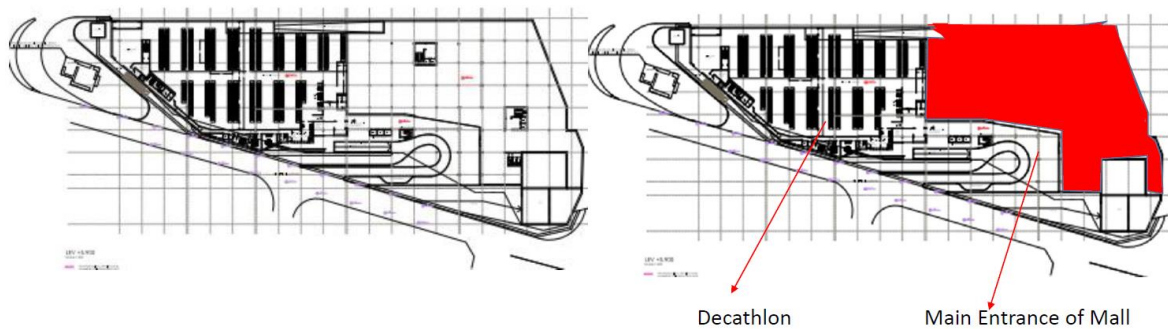

In the event of a breach of any one or more of the lessees obligations in terms of the lease agreement, or a default in the payment of rent, or in the event of liquidation of the lessee, the lease agreement may be immediately terminated by lessor and the property would be promptly relinquished.

The lessee is responsible to repair, maintain, cleanse, replace, renew, rebuild and reinstate the property. The lessee is not responsible to carry out works of a structural nature or for any repair or renewal required as a result of damage caused by any insured risks save to the extent that the insurance monies are rendered irrecoverable in consequence of some act, omission or default of the lessee. The lessor is under an obligation to repair, maintain, replace, renew, rebuild, reinstate, redecorate, cleanse and keep tidy the common parts comprised in the complex.

The property is being leased shell, with all other works and improvements including electrical, plumbing, flooring and internal finishes carried out by the lessee. To this end, as set out section 21.1, €1.0 million of the Bond proceeds shall be used to finish and service the leased areas.

Following the assignment of the lease agreement to D Shopping Malls Limited, the Guarantor shall enter into a ten-year agreement with Dizz Limited, a company forming part of the Dizz Group, comprising a four (4) year *di fermo* period, automatically renewable for six subsequent periods of one year each entitling either party to withdraw from the lease given six months prior written notice, to sublease 1,286 sqm (equivalent to 50% of the total retail space within Center Parc), to operate a new Terranova outlet which would be situated opposite the main entrance of the shopping mall. The remaining areas will be sub-let to third parties and/or related companies. Furthermore, as at the date of the Company Admission Document the Dizz Group has entered into five non-binding letters of intent with third parties and one non-binding letters of intent with a related party to lease six retail outlets, having a total area of 970sqm, which is equivalent to 38% of the total retail space within Center Parc.

6.2.3 Principal markets

The D Shopping Malls Group operates exclusively in and from Malta.

6.2.4 Organisational structure

The organisational structure of the D Shopping Malls Group as at the Company Admission Document is illustrated in the diagram below:

6.2.5 Group dependencies

As the Issuer itself does not carry on any trading activities, the Issuer is economically dependent on the business prospects of the Parent/Guarantor. More specifically, the Issuer is dependent on the receipt of interest income from the Parent/Guarantor in relation to the Bond proceeds advanced by the Issuer to its Parent/Guarantor. It is the intention of the Issuer to advance the funds and such advances will be documented through a loan agreement entered into between the two parties. In principle, the loan agreement shall provide that the funds will be advanced at agreed rates of interest, on an arms' length basis for a ten-year duration which will be repaid in line with a repayment schedule.

The Issuer is also dependent on employees of the Dizz Group for administrative support.

6.2.6 Business development strategy

It is the intention of D Shopping Malls Limited to continue to manage the Properties in order to optimise utilisation thereof, maximise the value of its portfolio, leverage revenue streams arising therefrom and achieve positive and sustainable financial results going forward. To this end, it is the intention of the Guarantor to conclude lease contracts with third parties on a timely basis, based on commercial rental rates, and strive to maintain an occupancy level of 100%. In line with its strategic growth plans, the D Shopping Malls Group shall continue to explore the feasibility and attractiveness of various opportunities on the local market

7 TREND INFORMATION AND FINANCIAL PERFORMANCE

7.1 Trend information of the Issuer

The Issuer is dependent on the business prospects of the Guarantor and therefore, the trend information of the Guarantor (detailed below) has a material effect on its financial position and prospects.

There has been no material adverse change in the prospects of the Issuer since its incorporation.

7.2 Trend information of the Guarantor

The D Shopping Malls Group was set up as a property managing company of the Dizz Group. In this regard, the Guarantor aims to continue to manage the Properties that fall under its responsibility. Consequently, its principal income stream will be the generation of income from lease agreements with third parties and/or companies within the Dizz Group. There has been no material adverse change in the prospects of the Guarantor since the date of its incorporation.

The D Shopping Malls Group's business prospects therefore predominantly revolve around the ability of the Guarantor to find suitable tenants to occupy the Properties, and for these tenants to service their obligations in a timely manner. The annual amounts receivable by the D Shopping Malls Group have been assumed on the current commercial rental rates, and assume that they will increase over time in line with market rates. Given the financial stability of the Dizz Group, the Directors are confident that the anticipated revenue streams in the coming year and foreseeable future will be generated on the basis assumed in this Company Admission Document.

7.3 The property market: market overview

Portman International in their report entitled "Malta Property Market" dated 17 July 2015, stated that the property market in Malta underpins the tourism industry, the retail sector and important segments of the financial services industry and in fact the property market in Malta has historically been considered as one of the key measures of the health of the Maltese economy. The price of a property in Malta is defined by a number of factors, including location, type, state of maintenance, views and size.

The analysis of property price movements illustrated below is based on the Central Bank of Malta's residential property price index, which tracks movements in advertised residential property prices. As set out below, the Maltese property market enjoyed strong growth, with a brief property boom experienced between 2002 and 2005 and a more normalised rate from 2005 to 2007. Following that, the next two years saw a slump in the general property market index as a result of the global financial crisis. Performance in the years 2010 to 2013 was relatively stable but still slightly below activity levels registered in 2007 (2007 index: 178.9 vs 2013 index 173.7). It was in the following four years that Malta experienced another property boom, whereby by the end of 2017, the property price index reached 245.6, an increase of 41% between 2013 and 2017, driven principally by an increase in apartment prices. Moreover, according to the Times of Malta's article entitled "House price increases were EU's highest at the end of 2016", house prices in Malta rose by 6% between the third and fourth quarter of 2016, compared to an average of 4.7% in the EU and 4.1% in the Eurozone.

According to the Central Bank of Malta report entitled “The Construction Sector in 2015”, an increase in the number of permits issued for residential dwellings and commercial properties supported the recovery in the construction sector. As evidenced in the chart below, permits for residential units began to recover in 2014 and continued to increase reaching 2008 levels by the end of 2016, and surpassing 2008 levels by end of 2017. Permits in fact increased from 2,705 in 2013 to 3,947 in 2015, reaching 9,006 by 2017.

Development permits for dwellings, by type

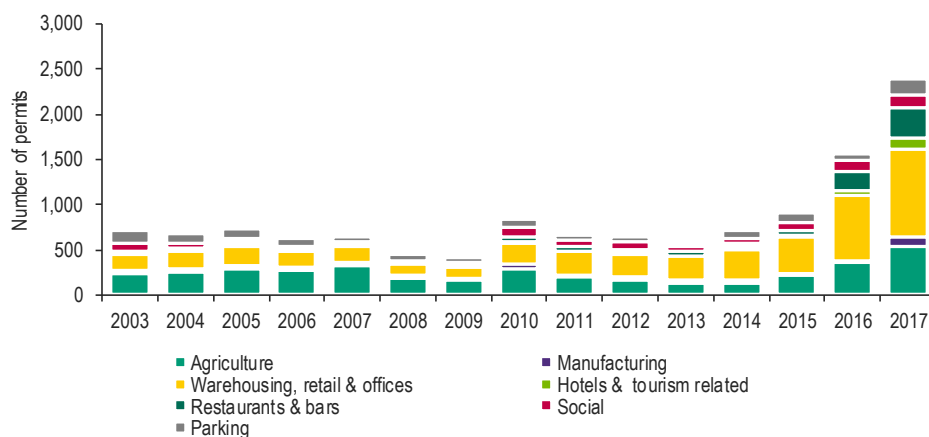

Source: Planning Authority, Malta

The increase in permits as well as the increase in the property price index was aided in part by various incentives implemented by a number of administrative reforms by the Government to encourage purchases by foreign investors as well as fiscal incentives for first time buyers, together with favourable expectations in anticipation of schemes targeting high-end investors. In addition, the growth in disposable income on the back of a strong labour market, the increasing number of foreigners working in Malta, as well as the low interest rate environment are all factors which have stimulated property demand.

The Sliema, St. Julian's, Gzira and Msida areas are the most sought by prospective buyers and tenants. A barometer carried out by PricewaterhouseCoopers (PwC Malta Middle Market Barometer – Real Estate Market, January 2018) indicated that c. 50% of the participating real estate agents consider these areas to be the most in demand, and have registered the highest increase in prices. Areas in central Malta and in the north of the Island rank second and third respectively. Real estate agents anticipate that in the coming months, property in Valletta will experience an increase in demand.

National statistics relating to commercial property in Malta is currently not captured and is therefore more difficult to gauge the relative state of this sector. Notwithstanding the lack of such data, given the progressive evolvement of Malta as a services-oriented economy and the success achieved to date in attracting foreign companies specifically from sectors such as financial services, gaming and IT, it is evident that demand for good quality commercial property has increased markedly leading to a situation where demand seems to exceed supply. In fact, most, if not all, high quality commercial developments in key locations are fully let. Moreover, as evidenced in the chart below, the number of permits for warehousing, retail and offices has substantially increased over the period, from a low of 123 permits in 2009 to 403 permits in 2015, reaching 719 permits by end of 2016.

In addition, MaltaToday's article dated 19 April 2017 and entitled "Shopping mad: Over 107,000 square metres of retail space awaits green light", states that eight projects whose planning applications are pending, three of which seek land outside building zones, could potentially add 107,000 square metres of retail space in Malta if approved. These projects include:

City	Planned development
Ghaxaq	The application incorporates the existing 2,500 sqm Lidl supermarket on the ground floor, 12,964 sqm department store constructed over three levels and an additional 17,682 sqm of other retail shops. Underground parking will cater for 752 cars while 408 parking spaces are allocated at ground floor level.
Marsascala	The development includes a basement carpark, a 3,080 sqm commercial outlet, a 748 sqm restaurant and a 330 sqm drive thru at ground floor level, 2,080 sqm of offices at the first floor level and a landscaped roof. The development is located outside development zone.
Qormi	The development includes two levels of underground parking, a DIY centre with ancillary facilities and a recessed first floor for retail space and offices occupying a floor space of 10,000 sqm.
Sliema	Townsquare, a 38-storey high-rise in Sliema which includes 9,600 sqm of retail space, was approved by the PA in 2016, but is currently pending an appeal.
St. Julian's	The planned shopping mall will cover almost 24,000 sqm of retail space and be solely dedicated to high-end designer brands.
Luqa	The project includes the expansion of the existing Malta International Airport complex and the addition of office and retail blocks (consisting of 16,800 sqm of commercial space), a hotel and recreational areas.
Attard	The proposed development includes 7,460 sqm of retail in a proposed industrial park for SMEs over 158,000 sqm on a site currently taken up by quarries in Wied Incita, Attard. A 2,550 sqm family recreation park is proposed next to the shopping area.
Gzira	In 2012 the PA approved 6,320 sqm of retail in the Lazzaretto development by MIDI in Manoel Island, alongside 54 apartments, a 2,868 sqm casino and a 1,950 sqm hostel. New plans presented recently by MIDI foresee a waterfront mix of catering, retail and recreational facilities.

Moreover, The Malta Independent's article dated 7 February 2018 and entitled "22 pending planning applications for buildings higher than 10 storeys", states that Malta's recent upward building trend has been quite controversial, with many applications seeing opposition due to Malta's lacking infrastructure, and the changing skyline. Among the pending applications, is one for the Fortina Spa and Resort, for residential accommodation; a 13-storey mid-rise and 29-storey high rise on a site situated in Gzira and an application on the Wembley Ice Cream Factory in Msida for an 18-floor office development. The localities in which these proposed developments are situated in are Ta'Xbiex, St Julian's, Qormi, Msida, Gzira, Sliema, Birkirkara, Marsa, and St Paul's Bay. Nine of the applications are for St Julian's.

7.3.1 Rates per sqm

As set out in section 8, the Guarantor is expecting to attract a lease of €650/sqm on the retail space situated in the D Mall, €350/sqm on the office space situated in D Business Centre, and €350/sqm on the retail space situated in Center Parc. For comparison purposes, reference is made to the lease paid by the Dizz Group on retail outlets leased within Tigne Mall, and office space within St.

Julian's/Paceville area. Such a comparison highlights that the rates per sqm included in the projections are in line with market rates of those properties in the vicinity of the Properties.

Accounting for leases

Under International Financial Reporting Standards, leases are accounted for under IAS 17, however as from 1 January 2019, leases shall be accounted for under IFRS 16. Consequently, the projections included within this Company Admission Document are based on IFRS 16.

As explained in section 6.2.2.1 and 6.2.2.2. the Guarantor has entered/is in the process of entering into two leases (defined under IFRS as head leases) with Sliema Wanderers Football Club and Center Parc Holdings Limited respectively, following an assignment agreement with the Dizz Group. Such leases have been accounted for as a finance lease, given that they exceed a one year period. As a result, a right-of-use asset (subsequently classified as investment property under IAS 40) and a finance lease liability have been accounted for in the statement of financial position, with a corresponding amortisation of right-of-use asset and unwinding of interest accounted for each year in the income statement.

Furthermore, as at the date of the Company Admission Document, the Guarantor has entered into/in the process of finalising four lease agreements to sublease part of the D Mall and Center Parc respectively. Under IFRS 16, subleases must be classified either as finance or as operating leases, with reference to the right-of-use asset resulting from the head lease. The analysis is made on the basis of the contractual terms and conditions of the head lease and the sublease, particularly with reference to whether substantially all the risks and rewards incidental to ownership have been transferred to the sub-lessee. As the sublease agreements entered into with related parties do not substantially transfer the risks and rewards incidental to ownership, such leases have been accounted for in the projections as an operating lease. Whilst it is the intention of the Guarantor that subsequent sublease agreements will not substantially transfer the risks and rewards incidental to ownership, should the sublease agreements be entered into in a manner that the Guarantor substantially transfers the risks and rewards incidental to ownership, then sublease agreements would be accounted for as finance leases. Given that the Guarantor is an intermediate lessor (refer to below diagram), the following accounting treatment will be adopted by the Guarantor:

- a) Derecognises the right-of-use asset relating to the head lease that it transfers to the sublessee and recognises the net investment in the sublease;

- b) Recognises any difference between the right-of-use asset and the net investment in the sublease in profit or loss; and
- c) Retains the lease liability relating to the head lease in its statement of financial position, which represents the lease payments owed to the head lessor.

During the term of the sub-lease, the Guarantor would recognise both finance income on the sublease as well as interest expense on the head lease.

Turnover

Through the Bond Issue, the D Shopping Malls Group is projecting to complete the D Mall and Center Parc properties and acquire the Laguna property as well as the Qui-si-sana property. Consequently, the D Shopping Malls Group income shall consist of rental income generated from leasing of the Properties identified in section 6.2.2, which is based on the agreements entered into/in the process of being finalised with four related companies, the non-binding letters of intent currently in place with third parties/related parties and market rates.

Turnover is projected at €2.2 million in FY2019, increasing to €2.9 million in FY2020 and stabilising at €2.5 million from FY2022 onwards, increasing at 3% per annum thereafter. The higher revenues expected to be generated in FY2019 and FY2020 are primarily due to the key money of €1,500,000 which is expected to be generated on retail contracts concluded on the D Mall between FY2019 and FY2020.

The projections assume that all finishing work relating to D Mall shall be carried out in the fourth quarter of 2018 and first two months of 2019, and therefore revenue from the retail outlets is expected to commence from 1 March 2019. Revenue from D Mall is projected at €1.3 million in FY2019 and is based on a 60% occupancy and €650/sqm for retail outlets, and a 40% occupancy and €350/sqm for office space, plus key money of €0.8 million expected to be generated on contracts concluded in FY2019. The retail outlets within D Mall are expected to be fully occupied by FY2020, whilst occupancy in offices is expected to increase gradually, reaching stabilisation in FY2021.

The projections assume that Center Parc property is inaugurated in March 2019 and shall generate €0.7 million in FY2019. The projections assume that Center Parc shall generate revenue at €350/sqm, increasing at 3% per annum, with an average occupancy of c. 85% in FY2019 and 100% thereafter.

The Laguna property and Qui-si-sana rental rate are based on a 4% yield of property value, with 100% occupancy achieved from 1 January 2019.

Direct costs

Direct costs are expected to stabilise at c. €0.8 million per annum and comprise the amortisation on the right-of-use asset by D Shopping Malls Group on D Mall and Center Parc, which is accounted for

in terms of IFRS 16 *Leases* given that it comes into effect on 1 January 2019, and the rent and service charge expenditure attributable on the Trussardi outlet.

Administrative expenses

Administrative expenses shall primarily comprise administrative salaries, marketing costs, operating costs, advertising and ongoing bond issue costs and are expected to amount to c. €250k per annum. Amortisation and depreciation costs shall stabilise at €208k per annum and shall include the amortisation of bond issue costs and depreciation of finishing costs on the D Malls property and Center Parc property.

As a result, operating profit is expected to stabilise at €1.2 million as from FY2022.

Finance costs

Finance costs consist of interest on the Bond and the unwinding of interest on the finance lease liability, given that the leases entered into on D Mall and Center Parc are accounted for under IFRS 16 *Leases*. As from FY2024, the D Shopping Malls Group will be contributing towards a sinking fund, which is expected to generate interest income of 1.5% net of final withholding tax.

The D Shopping Malls Group's profit after tax is expected to improve with continuous profits expected to be generated as from FY2022. D Shopping Malls Group shall not be distributing any dividends to its shareholders during the first three years of the Bond.

Sources: D Shopping Malls Group projections for the period 1 September 2018 to 31 December 2019 and the years ending 2020, 2021 and 2022

The D Shopping Malls Group's financial position is expected to remain rather stable throughout the projected period.

The Group's non-current assets are expected to reach €15.6 million as at 31 December 2019. These include the development works on the D Mall property and Center Parc property, the acquisition of the Laguna property and Qui-si-sana property, and the right-of-use asset, which is the capitalisation of the lease payments as required under IFRS 16 *Leases*. Non-current assets are projected to decrease over time in line with the depreciation on property, plant and equipment and the amortisation of the right-of-use asset which is expensed equally over the lease term.

A sinking fund will be built up gradually between FY2024 and FY2028 in order to ensure that the Issuer will have sufficient cash resources to redeem the outstanding Bonds at maturity. The sinking fund money will firstly be used to buy back any Bonds on the stock market, with any excess cash invested in bonds and/or treasury bills.

¹ Net debt is calculated as total borrowings less cash and cash equivalents

Trade and other payables are expected to remain stable at €0.1 million in the projected period, with payable days expected to stabilise at 30 days.

As at 31 December 2019 D Shopping Malls Group's indebtedness is expected to amount to €7.5 million and comprises of the bond in issue, but increases to €15.3 million when the finance lease liability is also factored in. As a result, gearing peaks at 93% as at 31 December 2019, when calculated inclusive of the finance lease liability, but peaks at 85%, when calculated exclusive of the finance lease liability. Total equity is expected to reach €1.1 million as at 31 December 2019, following the issue of shares to Dizz Group of Companies Limited in consideration for the Laguna property and the revaluation on the Laguna property (net of deferred tax), given that the value of the Laguna property has increased between the promise of sale and the date of the Company Admission Document, in line with the property boom experienced in Malta over the past two years.

9 MANAGEMENT AND ADMINISTRATION

9.1 The Issuer

9.1.1 The Board of Directors of the Issuer

The Memorandum of Association of the Issuer provides that the affairs of the Issuer shall be managed and administered by a Board of Directors to be composed of not less than three (3) and not more than seven (7) Directors, who are appointed by the shareholders.

Directors of the Issuer are appointed by means of an ordinary resolution in general meeting. Accordingly, the Guarantor is empowered to appoint the Directors of the Issuer, thereby putting it in a position to appoint an absolute majority of the Directors of the Issuer and, accordingly, have control over the management and operations of the Issuer.

The Issuer is currently managed by a Board of seven (7) Directors, who are responsible for the overall direction and management of the Issuer. The Board currently consists of four executive Directors, who are entrusted with the Issuer's day-to-day management and three non-executive Directors, all of which are independent of the Issuer, whose main functions are to monitor the operations of the executive Directors. In line with generally accepted principles of sound corporate governance, at least one (1) of the Directors shall be a person independent of the D Shopping Malls Group. Six (6) of the Directors of the Issuer were elected by the shareholders upon the Issuer's incorporation and one (1) Director was subsequently appointed. No Directors have been removed since the Issuer's inception.

As at the date of the Company Admission Document, the Board of the Issuer is composed of the individuals listed in section 5.1 of this Company Admission Document.

None of the Directors of the Issuer have been:

- a) convicted in relation to fraud or fraudulent conduct in the last five (5) years;
- b) made bankrupt or associated with any liquidation or insolvency caused by action of creditors;
- c) the subject of any official public incrimination or sanction by any statutory or regulatory authority; or
- d) disqualified by a court from acting as director or manager in the last five (5) years.

The Directors believe that the Issuer's current organisational structure is adequate for its present activities. The Directors will maintain this structure under continuous review to ensure that it meets the changing demands of the business and to strengthen the checks and balances necessary for better corporate governance.

9.1.2 Non-Executive Directors

The non-executive Directors' main functions are to monitor the operations of the executive Directors and their performance, as well as to review any proposals tabled by the executive Directors.

The Non-Executive Directors are Mr Joseph C Schembri, Dr Ian Vella Galea and Mr Francis Gouder.

9.1.3 Directors' service contracts

None of the directors have a service contract with the Issuer.

9.1.4 Conflict of interest

Ms Diane Izzo and Mr Karl Izzo, in addition to sitting on the Board of Directors of the Issuer, also act as directors of the Guarantor. In addition the Executive Directors of the Issuer sit on boards of other companies within the Dizz Group, whilst all the Non-Executive Directors of the Issuer sit on the board of Dizz Finance p.l.c. except for Dr. Ian Vella Galea. Conflicts of interest could potentially arise in relation to transactions involving the Issuer and the Guarantor and other companies within the Dizz Group.

In light of the foregoing, such Directors are susceptible to conflicts between the potentially diverging interest of the Issuer, the Guarantor and as the case may be, and any of such other companies within the Dizz Group in transactions entered into, or proposed to be entered into, between them. The Audit Committee of the Issuer has the task of ensuring that any potential conflicts of interest that may arise at any moment pursuant to these different roles held by directors are handled in the best interest of the Issuer, the Guarantor and the D Shopping Malls Group and according to law. The fact that the Audit Committee of the Issuer is constituted entirely by non-executive Directors, all of which are also independent of the D Shopping Malls Group, provides an effective measure to ensure that transactions vetted by the Audit Committee are determined on an arm's length basis.

Additionally, the Audit Committee has, pursuant to the relative terms of reference, been granted express powers to be given access to the financial position of the Issuer, the Guarantor and any other entity comprising the Dizz Group on a quarterly basis. To this effect, the Issuer, the Guarantor and

any other entity forming part of the Dizz Group are to submit to the Audit Committee quarterly accounts, as well as comparisons of actuals against projections.

To the extent known or potentially known to the Issuer and the Guarantor, as at the date of the Company Admission Document, there are no other potential conflicts of interest between any duties of the Directors of the Issuer and the Guarantor and their private interests and/or their other duties which require disclosure in terms of the Prospects MTF Rules.

9.1.5 Loans to Directors

There are no loans outstanding by the Issuer to any of its Directors, nor any guarantees issued for their benefit by the Issuer.

9.1.6 Removal of Directors

In terms of the Issuer's Articles of Association, unless appointed for a longer or shorter period, or unless they resign or are removed, Directors shall hold office for a period of one (1) year. Provided that no appointment may be made for a period exceeding three (3) years. Provided further that an election of Directors shall take place every year. All Directors, except a Managing Director, shall retire from office once at least in each three (3) years, but shall be eligible for re-election. The Directors of the Issuer currently in office are expected to remain in office at least until the next annual general meeting of the Issuer.

The present directors shall remain in office until they resign, retire or are removed at any time by the shareholders.

9.1.7 Powers of Directors

By virtue of the provisions of the Articles of Association of the Issuer, the Directors are empowered to transact all business which is not by the Articles expressly reserved for the shareholders in general meeting. Specifically, the Directors are vested with the management of the Issuer and their powers of management and administration emanate directly from the Memorandum and Articles of Association and the law. The Directors are empowered to act on behalf of the Issuer and, in this respect, have the authority to enter into contracts, sue and be sued in representation of the Issuer.

Directors may not vote on any contract, arrangement or investment in which they have a personal material interest, whether direct or indirect.

In terms of the Memorandum and Articles of Association, the Board of Directors may exercise all the powers of the Issuer to borrow money and to issue debentures, debenture stock and other securities whether outright or as security for any debt, liability or obligations of the Issuer or of any third party as it thinks fit, subject to any limit as may be established in the Articles of Association and the overriding authority of the shareholders in general meeting to change, amend, restrict and/or otherwise modify such limit and the Directors' borrowing powers.

The Non-Executive directors' main functions are to monitor the D Shopping Malls Group operations as well as ensure that the interests of the Bondholders are upheld at all times.

9.1.8 Aggregate emoluments of Directors

Pursuant to the Issuer's Articles of Association, the maximum annual aggregate emoluments that may be paid to the Directors are approved by the shareholders in general meeting.

The remuneration of Directors is a fixed amount per annum and does not include any variable component relating to profit sharing, share options or pension benefits.

For the financial period ending on the 31 December 2019 it is expected that the Issuer will pay an aggregate of €8,000 to its Directors.

9.1.9 Employees

The Issuer does not have any employees of its own and is, therefore, reliant on the Dizz Group for administrative support.

9.1.10 Working capital

As at the date of the Company Admission Document, the Directors of the Issuer and the directors of the Guarantor are of the opinion that the working capital available to the Issuer and the Guarantor respectively, is sufficient for the attainment of their objects and the carrying out of their respective business for the next twelve (12) months of operations.

9.2 The Guarantor

9.2.1 The Board of Directors of the Guarantor

The Memorandum of Association of the Guarantor provides that the board of directors shall be composed of not less than two (2) and not more than five (5) directors. As at the date of the Company Admission Document, the board of directors of the Guarantor is composed of two directors as listed in section 5.2 of this Company Admission Document.

9.2.2 Directors' service contracts

None of the directors have a service contract with the Guarantor.

9.2.3 Removal of the Guarantor's directors

A director of the Guarantor may, unless he resigns, be removed by an ordinary resolution of the shareholders as provided by Article 140 of the Act. The directors of the Guarantor currently in office are expected to remain in office at least until the next annual general meeting of the Guarantor.

9.2.4 Loans to the directors

There are no loans outstanding by the Guarantor to any of its directors, nor any guarantees issued for their benefit by the Guarantor.

9.2.5 Aggregate emoluments of the Guarantor's directors

Pursuant to the Guarantor's Articles of Association, the maximum annual aggregate emoluments that may be paid to the Directors are approved by the shareholders in general meeting.

The remuneration of directors is a fixed amount per annum and does not include any variable component relating to profit sharing, share options or pension benefits.

For the financial period ending on the 31 December 2019 it is expected that the Guarantor will pay an aggregate of €14,000 to its directors.

10 MAJOR SHAREHOLDERS

10.1 Major shareholders of the Issuer

The Issuer has an authorised and issued share capital of €50,000 divided into 49,999 ordinary A shares and 1 ordinary B share, all of a nominal value of €1 each which are subscribed to and allotted as fully paid shares, as follows:

Name of shareholder	Number of shares held
D Shopping Malls Limited	49,999 ordinary A shares
Dizz Group of Companies Limited	1 ordinary B share

To the best of the Issuer's knowledge there are no arrangements in place as at the date of the Company Admission Document, the operation of which may at a subsequent date result in a change in control of the Issuer.

The Issuer adopts measures in line with the Code of Principles of Good Corporate Governance forming part of the Listing Rules (the "Code") with a view to ensuring that the relationship with its major shareholders is retained at an arm's length, including adherence to rules on related party transactions requiring the sanction of the Audit Committee, which is constituted in its entirety by non-executive Directors, all of which one are independent. Mr Joseph C Schembri also acts as Chair. The Audit Committee has the task of ensuring that any potential abuse is managed, controlled and resolved in the best interests of the Issuer. The composition of the Board, including the presence of three non-executive Directors, effectively minimises the possibility of any abuse of control by any major shareholder.

10.2 Major shareholders of the Guarantor

The Guarantor's current authorised is €1,400,000 divided into 1,400,000 ordinary shares of a nominal value of €1 each whilst the issued share capital is €721,200 divided into 721,200 ordinary shares of a nominal value of €1 each, which are subscribed to and allotted as fully paid shares, as follows:

The Guarantor is ultimately owned 100% by Ms Diane Izzo and Mr Karl Izzo.

11 BOARD COMMITTEES

11.1 Audit Committee of the Issuer

The terms of reference of the Audit Committee of the Issuer consist of *inter alia* their support to the Board of the Issuer in its responsibilities in dealing with issues of risk, control and governance, and associated assurance.

The Board has set formal rules of establishment and the terms of reference of the Audit Committee that establish its composition, role and function, the parameters of its remit, as well as the basis for the processes that it is required to comply with. The Audit Committee, which meets at least once every three months, is a sub-committee of the Board and is directly responsible and accountable to the Board. The Board reserves the right to change the Committee's terms of reference from time to time.

The terms of reference of the Audit Committee have been formally set out in a separate charter. Briefly, the Audit Committee is expected to deal with and advise the Board on:

- a) its monitoring responsibility over the financial reporting processes, financial policies, internal control structures and audit of the annual and consolidated financial statements;
- b) monitoring the performance of the entity borrowing funds (the Guarantor) from the Company;
- c) maintaining communications on such matters between the Board, management and the independent auditors;
- d) facilitating the independence of the external audit process and addressing issues arising from the audit process; and
- e) preserving the Issuer's assets by understanding the Issuer's risk environment and determining how to deal with those risks.

Additionally, the Audit Committee has the role and function of considering and evaluating the arm's length nature of any proposed transactions to be entered into by the Issuer/Guarantor and a related party, given the role and position of the Issuer/Guarantor within the D Shopping Malls Group, to ensure that the execution of any such transaction is, indeed, at arm's length and on a sound commercial basis and, ultimately, in the best interests of the Issuer/Guarantor. In this regard, the Audit Committee has the task of ensuring that any potential abuse which may arise in consequence of the foregoing state of affairs is immediately identified and resolved.

For this purpose, the Audit Committee has, pursuant to the relative terms of reference, been granted express powers to be given access to the financial position of the Issuer, the Guarantor, and all other entities forming part of the Dizz Group on a quarterly basis.

The Audit Committee of the Issuer is presently composed of Dr Ian Vella Galea, Mr Joseph C Schembri and Mr Francis Gouder, all of which act as independent, non-executive members. The Audit Committee is chaired by Mr Joseph C Schembri, whilst Mr Francis Gouder and Dr Ian Vella Galea act as members. Notary Sam Abela performs the duties of secretary to the Audit Committee. As stipulated by the terms of reference of the Audit Committee, the Chairman shall have a casting vote in the case of a deadlock.

In compliance with the Prospects MTF Rules, Mr Joseph C Schembri is the independent, non-executive Director who is competent in accounting and/or auditing matters. In his capacity as chairman of the Audit Committee Mr Joseph C Schembri holds meetings with the executive Directors as necessary to review the Issuer's accounts and operations. The Issuer considers that the members of the Audit Committee have the necessary experience, independence and standing to hold office as members thereof. The CVs of the said Directors may be found in section 5.1 above.

The Directors believe that the current set-up is sufficient to enable the Issuer to fulfil the objectives of the Prospects MTF Rules' terms of reference in this regard.

12 COMPLIANCE WITH CORPORATE GOVERNANCE REQUIREMENTS

12.1 The Issuer

The Issuer supports the Prospects MTF Rules in their entirety and also the stipulations of the said rules in relation to dealing restrictions.

The Issuer supports The Code of Principles of Good Corporate Governance annexed to the Listing Rules (the “Code”) with the exceptions mentioned below and is confident that the adoption of the Code shall result in positive effects accruing to it. The Issuer adopts measures in line with the Code with a view to ensuring that all the transactions are carried out at arm’s length.

The Board of Directors sets the strategy and direction of the Issuer and retains direct responsibility for appraising and monitoring the Issuer’s financial statements and annual report. The activities of the Board are exercised in a manner designed to ensure that it can effectively supervise the operations of the Issuer so as to protect the interests of Bondholders, amongst other stakeholders. The Board is also responsible for making relevant public announcements and for the Issuer’s compliance with its continuing obligations in terms of the Prospects MTF Rules.

As required by the Act and the Prospects MTF Rules, the Issuer’s financial statements are to be subject to annual audit by the Issuer’s external auditors. Moreover, the non-executive Directors will have direct access to the external auditors of the Issuer who attend Board meetings at which the Issuer’s financial statements are approved. Moreover, in ensuring compliance with other statutory requirements and with continuing Prospects MTF admission obligations, the Board is advised directly, as appropriate, by its appointed Placement Agent, Manager, Registrar and Trustee, Corporate Advisor and the external auditors. Directors are entitled to seek independent professional advice at any time on any aspect of their duties and responsibilities, at the Issuer’s expense.

As at the date hereof, the Board considers the Issuer to be in compliance with the Code save for the following exceptions:

Principle 2 “Chairman and Chief Executive”:

The roles of Chairman and Chief Executive Officer of the D Shopping Malls Group are both occupied by Ms Diane Izzo. Although the Code recommends that the role of Chairman and Chief Executive Officer are kept separate, the Directors believe that Ms Izzo should occupy both positions, particularly in view of the experience she brings to both the Board and executive management team of the Company. In terms of Principle 3.1, which calls for the appointment of a senior independent Director where the roles of Chairman and Chief Executive Officer are carried out by the same person, the Board has appointed Mr Joseph C Schembri as the indicated senior independent Director.

Principle 7: “Evaluation of the board’s performance”

Under the present circumstances, the Board does not consider it necessary to appoint a committee to carry out a performance evaluation of its role, as the Board’s performance is always under scrutiny of the shareholders of the Issuer.

Principle 8: “Committees”

The Board of Directors considers that the size and operation of the Issuer does not warrant the setting up of nomination and remuneration committees. Given that the Issuer does not have any officers or employees other than the Directors and the company secretary, it is not considered necessary for the Issuer to maintain a remuneration committee. Also, the Issuer will not be incorporating a nomination

committee. Appointments to the Board of Directors are determined by the shareholders of the Issuer in accordance with the Issuer's Memorandum and Articles of Association. The Issuer considers that the members of the Board possess the level of skill, knowledge and experience expected in terms of the Code.

12.2 The Guarantor

The Guarantor is a private company, and accordingly, is not bound by the provisions of the Code set out in the Listing Rules. Whilst the Guarantor is not required to adopt the provisions of the Code, the Audit Committee of the Issuer has been specifically tasked with keeping a watching brief over the financial performance of the Guarantor and any other D Shopping Malls Group subsidiaries, as well as ensuring that rules regarding related party transactions carried out with the Guarantor are adhered to at all times, as set out in section 9.1.4 above.

13 LITIGATION PROCEEDINGS

There is no pending or threatened governmental, legal or arbitration proceedings or dispute from the date of incorporation to the date of the Company Admission Document which may have, or have had, in the recent past, significant effects on the financial position or profitability of the Issuer, Guarantor and/or the Dizz Group, taken as whole.

THE RISKS AND UNCERTAINTIES DISCUSSED BELOW ARE THOSE IDENTIFIED AS SUCH BY THE DIRECTORS OF THE ISSUER, BUT THESE RISKS AND UNCERTAINTIES MAY NOT BE THE ONLY ONES THAT THE ISSUER FACES. ADDITIONAL RISKS AND UNCERTAINTIES, INCLUDING THOSE WHICH THE ISSUER'S DIRECTORS ARE NOT CURRENTLY AWARE OF, MAY WELL RESULT IN A MATERIAL IMPACT ON THE FINANCIAL CONDITION AND OPERATIONAL PERFORMANCE OF THE ISSUER THAT COULD LEAD TO A DECLINE IN VALUE OF THE BONDS.

NEITHER THIS COMPANY ADMISSION DOCUMENT NOR ANY OTHER INFORMATION SUPPLIED HEREIN IN CONNECTION WITH THE BONDS ISSUED BY THE ISSUER (I) IS INTENDED TO PROVIDE THE BASIS OF ANY CREDIT OR OTHER EVALUATION, NOR (II) SHOULD BE CONSIDERED AS A RECOMMENDATION BY THE ISSUER OR GUARANTOR OR THE CORPORATE ADVISOR OR THE PLACEMENT AGENT, MANAGER, REGISTRAR AND TRUSTEE OR AUTHORISED INTERMEDIARIES THAT ANY RECIPIENT OF THE COMPANY ADMISSION DOCUMENT, OR ANY OTHER INFORMATION SUPPLIED IN CONNECTION THEREWITH, TO PURCHASE ANY BONDS ISSUED BY THE ISSUER.

ACCORDINGLY, PROSPECTIVE INVESTORS SHOULD MAKE THEIR OWN INDEPENDENT EVALUATION OF ALL RISK FACTORS AND SHOULD CONSIDER ALL OTHER SECTIONS IN THIS DOCUMENT.

18.1 Forward-looking statements

The Company Admission Document contains “forward-looking statements” which include, among others, statements concerning matters that are not historical facts and which may involve projections of future circumstances. These by their nature involve a number of risks, uncertainties and assumptions, a few of which are beyond the Issuer's and Guarantor's control, and important factors that could cause actual risks to differ materially from the expectations of the Issuer's and/or Guarantor's directors. Such forecasts and projections do not bind the Issuer and/or the Guarantor with respect to future results and no assurance can be given that the future results or expectations will be achieved.

18.2 General

In so far as prospective investors seek advice from Authorised Intermediaries concerning an investment in the Bonds, Authorised Intermediaries are to determine the suitability of prospective investors' investment in the Bonds in the light of said prospective investors' own circumstances. The Bonds may not be a suitable investment for all investors. In particular, Authorised Intermediaries should determine whether each prospective investor:

- a) has sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in the Company Admission Document or any applicable supplement;
- b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of his/her/its particular financial situation, an investment in the Bonds and the impact the Bonds will have on his/her/its overall investment portfolio;
- c) has sufficient financial resources and liquidity to bear all the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the prospective investor's currency;
- d) understands thoroughly the terms of the Bonds and is familiar with the behaviour of any relevant indices and financial markets; and
- e) is able to evaluate possible scenarios for economic, interest rate and other factors that may affect his/her/its investment and his/her/its ability to bear the applicable risks.

18.3 Risks relating to the Bonds

An investment in the Bonds involves certain risks including, but not limited to, those described below:

- (i) Prior to the Bond Issue, there has been no public market nor trading record of the Bonds within or outside Malta. Due to the absence of any prior market for the Bonds, there can be no assurance that the Bond Issue Price will correspond to the price at which the Bonds will trade in the market subsequent to the Bond Issue;
- (ii) Only upon successful admission, may the Bonds be traded on Prospects MTF but will NOT be traded on any regulated market. Hence, the market for the Bonds may be less liquid than a regulated market and a Bondholder may find it more difficult to identify willing buyers for their Bonds. The existence of an orderly and liquid market depends on a number of factors. Accordingly, there can be no assurance that an active secondary market for the Bonds will develop, or if it develops, that it will continue. Furthermore, there can be no assurance that an investor will be able to sell or otherwise trade in the Bonds at all;
- (iii) Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds;
- (iv) A Bondholder will bear the risk of any fluctuations in exchange rates between the currency of denomination of the Bonds (€) and the investor's currency of reference, if different;

- (v) No prediction can be made about the effect which any future public offerings of the Issuer's securities, or any takeover or merger activity involving the Issuer, will have on the market price of the Bonds prevailing from time to time;
- (vi) The Issuer is entitled to issue Bonds bearing a fixed rate of interest. Investment in such fixed rate Bonds involves the risk that subsequent changes in market interest rates may adversely affect the market value of the said Bonds. Investors should also be aware that the price of the fixed rate bonds moves adversely to changes in interest rates;
- (vii) The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds will be repayable in full upon maturity on the Redemption Date unless the Bonds are previously re-purchased and/or cancelled;
- (viii) Application has been made to the MSE for the Bonds to be admitted and traded on Prospects MTF once the Bonds are authorised as admissible by the MSE. Prospects MTF is a market regulated as a multilateral trading facility and operated by the MSE and provides a venue for SMEs to float their securities. Consequently, this market is designed primarily for companies to which a higher risk than that associated with established companies tends to be attached. A prospective investor should be aware of the potential risks in investing in such companies and should make the decision to invest only after careful consideration and consultation with his or her own independent financial advisor;
- (ix) Even after the Bonds are admitted to trading on Prospects MTF, the Issuer is required to remain in compliance with certain requirements relating, *inter alia*, to the free transferability, clearance and settlement of the Bonds in order to remain eligible to trade on Prospects MTF in terms of the Prospects MTF Rules issued by the Exchange as amended from time to time. Moreover, the MSE has the authority to suspend trading of the Bonds if, *inter alia*, it comes to believe that such a suspension is required for the protection of investors or the integrity or reputation of the market. The MSE may discontinue the trading of the Bonds on Prospects MTF. Any such trading suspension or listing revocations/discontinuance could have a material adverse effect on the liquidity and value of the Bonds;
- (x) The Bonds shall constitute the general, direct, unconditional and unsecured obligations of the Issuer, and shall be guaranteed in respect of both the interest due and the principal amount under said Bonds by the Guarantor. The Bonds shall at all times rank *pari passu*, without any priority or preference among themselves and, save for such exceptions as may be provided by applicable law, shall rank without priority and preference to all other present and future unsecured obligations of the Issuer and the Guarantor. The Bonds will, however, rank subordinate to the present and future secured creditors of the Issuer and the Guarantor, if any. Furthermore, subject to the negative pledge (section 22.5 of this Company Admission Document), third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer and the Guarantor for so long as such security interests remain in effect.
- (xi) In view of the fact that the Bonds are being guaranteed by the Guarantor, Bondholders are entitled to request the Guarantor to pay both the Interest due and the principal amount under said Bonds if the Issuer fails to meet any amount, when due. The strength of this undertaking on the part of the Guarantor and, therefore, the level of recoverability by the Bondholders from the Guarantor of any

amounts due under any of the Bonds is dependent upon and directly linked to the financial position and solvency of the Guarantor, such that the level of recoverability is further dependent upon the existence or otherwise of any prior ranking claims over the assets of the Guarantor. Furthermore, subject to the negative pledge clause (section 22.5 of this Company Admission Document), third party security interests may be registered which will rank in priority to the Bonds against the assets of the Issuer and of the Guarantor, as the case may be, for so long as such security interests remain in effect.

- (xii) The issue and allotment of the Bonds is conditional upon the Bonds being admitted to the Prospects MTF List.
- (xiii) The Issuer has not sought, nor does it intend to seek, the credit rating of an independent rating agency and there has been no assessment by any independent rating agency of the Bonds;
- (xiv) In the event that the Issuer wishes to amend any of the Terms and Conditions of the issue of the Bonds it shall call a meeting of Bondholders in accordance with the provisions of section 22.16 of the Company Admission Document. These provisions permit defined majorities to bind all Bondholders, including Bondholders who do not attend and vote at the relevant meeting and Bondholders who vote in a manner contrary to the majority;
- (xv) The Bonds and the Terms and Conditions of the Bond Issue are based on the requirements of the Prospects MTF Rules, the Companies Act and applicable regulations in effect as at the date of the Company Admission Document. No assurance can be given as to the impact of any possible judicial decision or change in law or administrative practice after the date of the Company Admission Document.
- (xvi) The funds or assets constituting the Sinking Fund (as described in section 22.24 of the Company Admission Document) shall be held by Jesmond Mizzi Financial Advisors Limited as trustees for the benefit of the Issuer. In accordance with Section 302 of the Act, in the event of winding up of the Issuer, where the assets are insufficient to meet the liabilities, the right of secured and unsecured creditors (which include the Bondholders) and the priority and ranking of their debts shall be regulated by the law for the time being in force. Accordingly, in view of the unsecured rights of Bondholders under the Bonds, any secured creditors of the issuer shall have recourse to the funds or assets constituting the sinking fund to satisfy their secured claims with priority over Bondholders.

Provided that the aggregate Security Interests referred to in (B) and (C) above do not result in the unencumbered assets of the Issuer being less than 105.35% of the aggregate principal amount of the Bonds still outstanding;

“Unencumbered assets” means assets which are not subject to a Security Interest.

The first Interest payment will be effected on 28 October 2019 (covering the period 29 October 2018 to 28 October 2019). Any Interest Payment Date which falls on a day other than a Business Day will be carried over to the next following day that is a Business Day. Each Bond will cease to bear Interest from, and including, its due date for redemption, unless payment of the principal in respect of the Bond is improperly withheld or refused or unless default is otherwise made in respect of payment, in any of which events Interest shall continue to accrue at the rate specified above plus one per cent (1%), but in any event not in excess of the maximum rate of interest allowed by Maltese Law. In terms of article 2156 of the Civil Code (Cap. 16 of the laws of Malta), the right of Bondholders to bring claims for payment of interest and repayment of the principal on the Bonds is barred by the lapse of five (5) years.

22.7.2 When interest is required to be calculated for any period of less than a full year, it shall be calculated on the basis of a three hundred and sixty (360) day year consisting of twelve

(12) months of thirty (30) days each, and in the case of an incomplete month, the number of days elapsed.

22.8 Yield

- 22.8.1** The gross yield calculated on the basis of the Interest, the Bond Issue Price and the Redemption Value of the Bonds at Redemption Date is 5.35%.

22.9 Registration, Form, Denomination and Title

- 22.9.1** Certificates will not be delivered to Bondholders in respect of the Bonds in virtue of the fact that the entitlement to Bonds will be represented in an uncertificated form by the appropriate entry in the electronic register maintained on behalf of the Issuer by the CSD. There will be entered in such electronic register the names, addresses, identity card numbers (in the case of natural persons), registration numbers (in the case of body corporates) and MSE account numbers of the Bondholders and particulars of the Bonds held by them respectively; and the Bondholders shall have, at all reasonable times during business hours, access to the register of Bondholders held at the CSD for the purpose of inspecting information held on their respective account.

The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Upon payment of the Redemption Value, the Bonds shall be redeemed and the appropriate entry shall be made in the electronic register of the Bonds at the CSD.
- 22.11.2** In the case of Bonds held subject to usufruct, payment of interests will be made out in favour of usufructuary while the redemption payment will be made out only against the joint instructions of all bare owners and usufructuaries. Before effecting payment, the Issuer and/or the CSD shall be entitled to request any legal documents deemed necessary concerning the entitlement of the bare owner/s and the usufructuary/ies to payment of the Bonds.
- 22.11.3** Payment of interest on a Bond will be made to the person in whose name such Bond is registered at the close of business fifteen (15) days prior to the Interest Payment Date, by means of a direct credit transfer into such bank account as the Bondholder may designate, from time to time. - 22.11.4** All payments with respect to the Bonds are subject in all cases to any pledge (duly constituted) and to any applicable fiscal or other laws and regulations prevailing in Malta. In particular, but without limitation, all payments of principal and Interest by or on behalf of the Issuer in respect of the Bonds shall be made net of any amount which the Issuer is compelled by law to deduct or withhold for or on account of any present or future taxes, duties, assessments or other government charges of whatsoever nature imposed, levied, collected, withheld or assessed by or within the Republic of Malta or any authority thereof or therein having power to tax.
- 22.11.5** No commissions or expenses shall be charged by the Issuer to the Bondholders in respect of payments made in accordance with this section 22.11. The Issuer shall not be liable for charges, expenses and commissions levied by parties other than the Issuer.

- 22.12.1** Unless previously purchased and cancelled, the Issuer hereby irrevocably covenants in favour of each Bondholder that the Bonds will be redeemed at their nominal value (together with accrued interest) on 28 October 2028. In such a case the Issuer shall be discharged of any and all payment obligations under the Bonds upon payment made net of any withholding or other taxes due or which may be due under Maltese Law and which is payable by the Bondholders.
- 22.12.2** Subject to the provisions of this section 22.12, the Issuer may at any time purchase Bonds in the open market or otherwise at any price. Any purchase by tender shall be made available to all Bondholders alike.
- 22.12.3** All Bonds so redeemed or purchased will be cancelled forthwith and may not be re-issued or re-sold.

22.13 Events of Default

- i. the Issuer and/or Guarantor shall fail to pay any Interest on any Bond when due and such failure shall continue for thirty (30) days after written notice thereof shall have been given to the Issuer and/or Guarantor, as the case may be, by any Bondholder; and/or
- ii. the Issuer shall fail duly to perform or shall otherwise be in breach of any other material obligation contained in the Terms and Conditions of the Bonds and such failure shall continue for sixty (60) days after written notice thereof shall have been given to the Issuer by any Bondholder; and/or

Upon any such declaration being made as aforesaid the said principal monies and interest accrued under the Bonds shall be deemed to have become immediately payable at the time of the event which shall have happened as aforesaid.

22.14 Transferability of the Bonds

- 22.14.1** The Bonds are freely transferable and, once admitted to the Prospects MTF, shall be transferable only in whole (in multiples of €100) in accordance with the rules and regulations of Prospects MTF and the MSE applicable from time to time. If Bonds are transferred in part, such attempted partial transfer will not be cleared and the transferee thereof will not be registered as a Bondholder or claim from the Issuer any purported benefit therefrom.
- 22.14.2** Any person becoming entitled to a Bond in consequence of the death or bankruptcy of a Bondholder may, upon such evidence being produced as may, from time to time, properly be required by the Issuer or the CSD, elect either to be registered himself as holder of the Bond or to have some person nominated by him registered as the transferee thereof. If the person so becoming entitled shall elect to be registered himself, he shall deliver or send to the CSD a notice in writing signed by him stating that he so elects. If he shall elect to have another person registered he shall testify his election by transferring the Bond, or procuring the transfer of the Bond, in favour of that person. Provided always that if a Bond is transmitted in furtherance of this paragraph, a person will not be registered as a Bondholder unless such transmission is made in multiples of €100.
- 22.14.3** All transfers and transmissions are subject in all cases to any pledge (duly constituted) of the Bonds and to any applicable laws and regulations.
- 22.14.4** The cost and expenses of effecting any registration of transfer or transmission, except for the expenses of delivery by any means other than regular mail (if any) and except, if the Issuer shall so require, the payment of a sum sufficient to cover any tax, duty or other governmental charge or insurance charges that may be imposed in relation thereto, will be borne by the person to whom the transfer/transmission has been made.
- 22.14.5** The Issuer will not register the transfer or transmission of Bonds for a period of fifteen (15) days preceding the Interest Payment Date or the due date for redemption.

22.15 Further Issues

- 22.15.1** The Issuer may, from time to time, without the consent of the Bondholders, create and issue further debentures, debenture stock, bonds, loan notes or any other debt securities, either having the same terms and conditions as any outstanding debt securities of any series (including the Bonds) and so that such further issue shall be consolidated and form a single series with the outstanding debt securities of the relevant series (including the Bonds), or upon such terms as the Issuer may determine at the time of their issue.

22.16 Meetings of Bondholders

- 22.16.1** The Issuer may, from time to time, call meetings of Bondholders for the purpose of consultation with Bondholders or for the purpose of any of the following: (i) considering and approving any matter affecting their interest, including the amendment, modification, waiver, abrogation or substitution of any of the Terms and Conditions of the Bonds and the rights of the Bondholders arising under the Company Admission Document; (ii) considering and approving the exchange or substitution of the Bonds by, or the conversion of the Bonds into, shares, debentures or other obligations or securities of the Issuer; and (iii) obtaining the consent of Bondholders on other matters which in terms of the Company Admission Document require the approval of a Bondholders' meeting in accordance with section 22.16.3 below.

- 22.16.2** A meeting of Bondholders shall be called by the Directors by giving all Bondholders listed on the register of Bondholders as at a date being not more than thirty (30) days preceding the date scheduled for the meeting, not less than fourteen (14) days' notice in writing. Such notice shall set out the time, place and date set for the meeting and the matters to be discussed or decided thereat, including, if applicable, sufficient information on any amendment of the Company Admission Document that is proposed to be voted upon at the meeting and seeking the approval of the Bondholders. Following a meeting of Bondholders held in accordance with the provisions contained hereunder, the Issuer shall, acting in accordance with the resolution(s) taken at the meeting, communicate to the Bondholders whether the necessary consent to the proposal made by the Issuer has been granted or withheld. Subject to having obtained the necessary approval by the Bondholders in accordance with the provisions of this section at a meeting called for that purpose as aforesaid, any such decision shall subsequently be given effect to by the Issuer.
- 22.16.3** The amendment or waiver of any of the Terms and Conditions of Issue of the Bonds may only be made with the approval of Bondholders at a meeting called and held for that purpose in accordance with the terms hereof.
- 22.16.4** A meeting of Bondholders shall only validly and properly proceed to business if there is a quorum present at the commencement of the meeting. For this purpose, at least two (2) Bondholders present, in person or by proxy, representing not less than 50% in nominal value of the Bonds then outstanding, shall constitute a quorum. If a quorum is not present within thirty (30) minutes from the time scheduled for the commencement of the meeting as indicated on the notice convening same, the meeting shall stand adjourned to a place, date and time as shall be communicated by the Directors to Bondholders present at that meeting. The Issuer shall within two (2) days from the date of the original meeting publish by way of a company announcement the date, time and place where the adjourned meeting is to be held. An adjourned meeting shall be held not earlier than seven (7) days, and not later than fifteen (15) days, following the original meeting. At an adjourned meeting the number of Bondholders present at the commencement of the meeting, in person or by proxy, shall constitute a quorum; and only the matters specified in the notice calling the original meeting shall be placed on the agenda of, and shall be discussed at, the adjourned meeting.
- 22.16.5** Any person who in accordance with the Memorandum and Articles of Association of the Issuer is to chair the annual general meetings of shareholders shall also chair meetings of Bondholders.
- 22.16.6** Once a quorum is declared present by the chairman of the meeting, the meeting may then proceed to business and address the matters set out in the notice convening the meeting. In the event that decisions are required to be taken at the meeting, the Directors or their representative shall present to the Bondholders the reasons why it is deemed necessary or desirable and appropriate that a particular decision is taken. The meeting shall allow reasonable and adequate time to Bondholders to present their views to the Issuer and the other Bondholders present at the meeting. The meeting shall then put the matter as proposed by the Issuer to a vote of Bondholders present at the time at which the vote is being taken, and any Bondholders taken into account for the purpose of constituting a quorum who are no longer present for the taking of the vote shall not be taken into account for the purpose of such vote.
- 22.16.7** The voting process shall be managed by the Issuer's Company Secretary under the supervision and scrutiny of the auditors of the Issuer.

22.16.8 The proposal placed before a meeting of Bondholders shall only be considered approved if at least sixty per cent (60%) in nominal value of the Bondholders present at the meeting at the time when the vote is being taken, in person or by proxy, shall have voted in favour of the proposal.

22.16.9 Save for the above, the rules generally applicable to proceedings at general meetings of shareholders of the Issuer shall *mutatis mutandis* apply to meetings of Bondholders.

The Directors authorised the Bond Issue and the publication of the Company Admission Document pursuant to a board of directors' resolution passed on 26 September 2018. The Guarantee being given by the Guarantor in respect of the Bonds has been authorised by a resolution of the board of directors of the Guarantor dated 27 September 2018.

22.18 Admission to Trading

22.18.1 Application has been made to the Malta Stock Exchange for the Bonds being issued pursuant to the Company Admission Document to be admitted and traded on its Prospects MTF.

22.18.3 The Bonds are expected to be admitted to the Malta Stock Exchange with effect from 29 October 2018 and trading is expected to commence on 30 October 2018. Dealing may commence prior to notification of the amount allocated being issued to Applicants.

22.19 Representations and Warranties

22.19.1 The Issuer represents and warrants to Bondholders, who shall be entitled to rely on such representations and warranties, that:

- i. it is duly incorporated and validly existing under the laws of Malta and has the power to carry on its business as it is now being conducted and to hold its property and other assets under legal title; and
- ii. it has the power to execute, deliver and perform its obligations under the Company Admission Document and that all necessary corporate, shareholder and other actions have been duly taken to authorise the execution, delivery and performance of the same, and further that no limitation on its power to borrow or guarantee shall be exceeded as a result of the Terms and Conditions or the Company Admission Document.

22.19.2 The Company Admission Document contains all relevant material information with respect to the Issuer and Guarantor and all information contained in the Company Admission Document is in every material respect true and accurate and not misleading, and there are no other facts in relation to the Issuer and/or Guarantor, their respective business and financial position, the omission of which would, in the context of issue of the Bonds, make any statement in the Company Admission Document misleading or inaccurate in any material respect.

22.20 Bonds held jointly

In respect of any Bonds held jointly by several persons (including husband and wife), the joint holders shall nominate one (1) of their number as their representative and his/her name will be entered in the register with such designation. By default, the person whose name shall be inserted in the field entitled “Applicant” on the Application Form, or the first named in the register of Bondholders shall, for all intents and purposes, be deemed to be such nominated person by all those joint holders. Such person shall, for all intents and purposes, be deemed to be the registered holder of the Bond/s so held.

22.21 Bonds held subject to usufruct

In respect of a Bond held subject to usufruct, the name of the bare owner and the usufructuary shall be entered in the register. The usufructuary shall, for all intents and purposes, be deemed *vis-a-vis* the Issuer to be the holder of the Bond/s so held and shall have the right to receive interest on the Bond/s and to vote at meetings of the Bondholders but shall not, during the continuance of the Bond/s, have the right to dispose of the Bond/s so held without the consent of the bare owner, and shall not be entitled to the repayment of principal on the Bond (payable on the joint instruction of both usufructuary and bare owner).

22.22 Governing law and jurisdiction

22.22.1 The Bonds are governed by and shall be construed in accordance with Maltese Law.

22.22.2 Any legal action, suit or proceedings against the Issuer and/or Guarantor and arising out of or in connection with the Bonds and/or the Company Admission Document shall be brought exclusively before the Maltese courts.

22.23 Notices

Notices will be mailed to Bondholders at their registered addresses and shall be deemed to have been served at the expiration of twenty-four (24) hours after the letter containing the notice is posted, and in proving such service it shall be sufficient to prove that a prepaid letter containing such notice was properly addressed to such Bondholder at his/her/its registered address and posted.

22.24 Sinking Fund

The Issuer hereby undertakes that as from the financial year ending 31 December 2024 it shall, over a period of five (5) years, build a Sinking Fund the value of which will by the Redemption Date be equivalent to 100% of the value of the issued Bonds. The Issuer shall primarily use the Sinking Fund to repay the Bonds on the Redemption Date or in any other manner in accordance with this Company Admission Document. The Issuer shall make periodic payments for the purpose of building up this Sinking Fund. Below is a table with the minimum amounts to be paid by the Issuer for this purpose:

Sinking fund contribution for the years ending 31 December

€000	2024	2025	2026	2027	2028
Annual contribution	1,500	1,500	1,500	1,500	1,500
Cumulative balance	1,500	3,000	4,500	6,000	7,500

The Issuer has appointed Jesmond Mizzi Financial Advisors Limited (“Jesmond Mizzi”) as trustee of the sinking fund. Jesmond Mizzi is an investment service license holder, licensed by the Malta Financial Services Authority, independent of the Issuer. The assets constituting the sinking fund shall be transferred to Jesmond Mizzi’s clients account and shall be registered in the name of the Issuer’s

sinking fund. For clarification purposes, it is hereby noted that the sinking fund assets shall remain the assets of the Issuer, but they shall be subject to the control of the Trustee.

The functions of the Trustees of the Sinking Fund shall include the following:

- i. take control of the assets of the Sinking Fund which shall be segregated from the other assets of the Issuer;
- ii. monitor the Issuer's obligation to effect yearly payments to the Sinking Fund;
- iii. seek to ensure that by Redemption Date, the Sinking Fund would have accumulated 100% of the nominal amount of the Bonds still outstanding. In the event of a shortfall, the Trustees of the Sinking Fund is to ensure that such discrepancy, caused by the Issuer, would be due to justifiable reasons;
- iv. The Trustees of the Sinking Fund are to ascertain that the Issuer has applied the assets in accordance with the treasury management policy in the following order:
 - a) Buy-back its own bonds on the secondary market should a Bondholder wish to sell the Bonds and/or;
 - b) At least 15% of the total amount following buy-back of any Bonds shall be maintained in an interest bearing bank account denominated in euro and held with a bank established in the European Economic Area or invested in Malta treasury bills;
 - c) Not more than 85% of the total amount following buy-back of any Bonds shall be invested in Malta Government Stocks or in local SICAVs that principally invest in Malta Government Stocks, debt instruments quoted on reputable stock exchanges and UCITS funds;
- v. monitor that the portfolio of assets within the Sinking Fund is being managed appropriately;
- vi. authorise the release of Sinking Fund assets in the event that the Issuer requires the use of such assets due to temporary liquidity problems as detailed below; and
- vii. draw up an annual report, addressed to the Bondholders, as to the extent of compliance by the Issuer with the provisions of this section 22.24, a copy of which shall be published through a company announcement and shall be included in the annual financial statements of the Issuer.

The Issuer may not create or permit to subsist security over the Sinking Fund assets, other than the creation of a general hypothec or privilege with a credit institution in the event that the Issuer is facing temporary liquidity problems. Prior to the utilisation of the Sinking Fund assets for such temporary use, the consent of the Trustees of the Sinking Fund must be requested after approval by the Board of Directors of the Issuer.

The Issuer shall on a half-yearly basis, in its interim and annual financial statements, explain the Issuer's compliance with the Sinking Fund requirements as detailed in this section 22.24 and if necessary explain the reasons for non-compliance, if any. The Bondholders will be informed on the publication of the said financial statements through the issuance of a company announcement by the Issuer. The financial information will be available for inspection at the registered office of the Issuer and in electronic form on the Issuer's website www.dizz.com.mt.

23 TAXATION

23.1 General

Investors and prospective investors are urged to seek professional advice as regards both Maltese and any foreign tax legislation which may be applicable to them in respect of the Bonds, including their acquisition, holding and transfer, as well as any income/gains derived therefrom or made on their transfer. The following is a summary of the anticipated tax treatment applicable to the Bonds and to Bondholders in so far as taxation in Malta is concerned at the time of issue of this Company Admission Document. This information does not constitute legal or tax advice and does not purport to be exhaustive.

The information below is based on an interpretation of tax law and practice relative to the applicable legislation, as known to the Issuer at the date of issue of the Company Admission Document, in respect of a subject on which no official guidelines exist. Investors are reminded that tax law and practice and their interpretation, as well as the levels of tax on the subject matter referred to in the preceding paragraph, may change from time to time.

This information is being given solely for the general information of prospective investors. The precise implications for investors will depend, among other things, on their particular circumstances and on the classification of the Bonds from a Maltese tax perspective, and professional advice in this respect should be sought accordingly.

23.2 Malta Tax on Interest

Since interest is payable in respect of a Bond which is the subject of a public issue, unless the Issuer is otherwise instructed by a Bondholder or if the Bondholder does not fall within the definition of “recipient” in terms of article 41(c) of the Income Tax Act (Cap. 123 of the laws of Malta), interest shall be paid to such person net of a final withholding tax, currently at the rate of 15% (10% in the case of certain types of collective investment schemes) of the gross amount of the interest pursuant to article 33 of the said Income Tax Act. Bondholders who do not fall within the definition of a “recipient” do not qualify for the said rate and should seek advice on the taxation of such income.

This withholding tax is considered as a final tax and a Maltese resident individual Bondholder need not declare the interest so received in his income tax return if paid net of tax. No person shall be charged to further tax in respect of such income and the tax deducted shall not be available as a credit against the recipient’s tax liability or available as a refund.

In the case of a valid election made by an eligible Bondholder resident in Malta to receive the interest due without the deduction of final tax, interest will be paid gross and such person will be obliged to declare the interest so received in his income tax return and be subject to tax on it at the standard rates applicable to that person at that time. Additionally, in this latter case the Issuer will advise the Malta Commissioner for Revenue on an annual basis in respect of all interest paid gross and of the identity of all such recipients. Any such election made by a resident Bondholder at the time of subscription may be subsequently changed by giving notice in writing to the Issuer. Such election or revocation will be effective within the time limit set out in the Income Tax Act (Cap. 123 of the laws of Malta).

In terms of article 12(1)(c) of the Income Tax Act (Cap. 123 of the laws of Malta), Bondholders who are not resident in Malta and satisfying the applicable conditions set out in the Income Tax Act (Cap. 123 of the laws of Malta) are not taxable in Malta on the interest received and will receive interest gross, subject to the requisite declaration/evidence being provided to the Issuer in terms of law.

23.3 Exchange of Information

In terms of applicable Maltese legislation, the User and/or its agent are required to collect and forward certain information (including but not limited to, information regarding payments made to certain Bondholders) to the Commissioner of Revenue. The Commissioner for Revenue may, in turn, automatically or on request, exchange the information to other relevant tax authorities subject to certain conditions. Please note that this does not constitute tax advice and Applicants are to consult their own independent tax advisers in case of doubt.

23.4 Foreign Account Tax Compliance Act

The United States (US) enacted the Foreign Account Tax Compliance Act, 2010 (FATCA) that generally imposes a reporting regime and withholding requirements with respect to certain US source payments (including dividends and interest), gross proceeds from the disposition of property that can produce US source interest and dividends and certain payments made by, and financial accounts held with, entities that are classified as financial institutions under FATCA. The US entered into an intergovernmental agreement with Malta on 6 December 2013 regarding the implementation of FATCA. More specifically FATCA requires foreign financial institutions to provide the IRS with information on Specified US persons as defined holding accounts outside of the US, including certain non-US entities with US Controlling Persons. Non-compliance shall result in punitive withholding 30% tax on distributions captured by FATCA. Bondholders should choose any custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make ensure compliance with FATCA. The Issuer's obligations under the Bonds are discharged once it has effected payment as stipulated in this Company Admission Document and therefore the Issuer has no responsibility for any amount thereafter transmitted through the payment chain. FATCA requires reporting financial institutions, as defined, to satisfy applicable due diligence and reporting requirements in terms of the intergovernmental agreement entered into by Malta together with the relevant regulations and guidelines issued by the Commissioner for Revenue. Consequently, certain confidential information in relation to the Bondholders and/or other relevant persons may be reported to the Commissioner for Revenue and automatically exchanged with the IRS pursuant to these requirements. FATCA is rather complex and each Bondholder should consult his own tax advisor to obtain a more detailed explanation of FATCA and to determine how it might affect such holder in his specific circumstance.

23.5 Maltese Taxation on Capital Gains on Transfer of the Bonds

On the assumption that the Bonds would not fall within the definition of "securities" in terms of article 5(1)(b) of the Income Tax Act (Cap. 123 of the laws of Malta), that is, "*shares and stocks and such like instrument that participate in any way in the profits of the company and whose return is not limited to a fixed rate of return*", and that such Bonds are held as a capital asset and not for trading purposes, no Maltese income tax on capital gains should be chargeable in respect of any capital gain arising on the transfer of the Bonds.

23.6 Duty on Documents and Transfers

In terms of the Duty on Documents and Transfers Act (Cap. 364 of the laws of Malta), duty is chargeable *inter alia* on the transfer or transmission *causa mortis* of marketable securities, defined in the said legislation as "*a holding of share capital in any company and any document representing the same*".

Accordingly, the Bonds should not be treated as constituting marketable securities within the meaning of the legislation and that, therefore, the transfer or transmission thereof should not be chargeable to duty.

Furthermore, even if the Bonds are considered to be marketable securities for the purposes of the Duty on Documents and Transfers Act, in terms of article 50 of the Financial Markets Act (Cap. 345 of the laws of Malta), in view of the fact that the Bonds constitute financial instruments of a company quoted on a regulated market exchange, as is the MSE, redemptions and transfers of the Bonds should in any case be exempt from Maltese duty.

INVESTORS AND PROSPECTIVE INVESTORS ARE URGED TO SEEK PROFESSIONAL ADVICE AS REGARDS BOTH MALTESE AND ANY FOREIGN TAX LEGISLATION APPLICABLE TO THE ACQUISITION, HOLDING AND TRANSFER OF BONDS AS WELL AS INTEREST PAYMENTS MADE BY THE ISSUER. THE ABOVE IS A SUMMARY OF THE ANTICIPATED TAX TREATMENT APPLICABLE TO THE BONDS AND TO BONDHOLDERS. THIS INFORMATION, WHICH DOES NOT CONSTITUTE LEGAL OR TAX ADVICE, REFERS ONLY TO BONDHOLDERS WHO DO NOT DEAL IN SECURITIES IN THE COURSE OF THEIR NORMAL TRADING ACTIVITY.

24 TERMS AND CONDITIONS OF THE BOND ISSUE

The following terms and conditions shall be read in conjunction with all the other terms and conditions relative to and regulating the contractual relationship created between an Applicant, the Issuer and the Guarantor.

24.1 The issue and allotment of the Bonds is conditional upon Bonds being admitted to the Prospects MTF List of the MSE. In the event that the Bonds are not admitted to Prospects MTF List of the MSE any application monies received by the Issuer will be returned without interest by direct credit into the Applicant's bank account indicated by the Applicant on the relative Application Form. If no such bank account number is provided, or in the event that bank account details on the Application Form are incorrect or inaccurate, such returns will be made by means of a cheque mailed to the Applicant's address (or, in the case of joint applications, the address of the first named Applicant) indicated in the Application Form. The Issuer shall not be responsible for any charges, and any loss or delay in transmission.

24.2 The Issuer has not established an aggregate minimum subscription level for the Bond Issue.

The completed Application Forms are to be lodged with the Placement Agent, Manager, Registrar and Trustee.

24.3 It is the responsibility of investors wishing to apply for the Bonds to inform themselves as to the legal requirements of so applying, including any requirements relating to external transaction requirements in Malta and any exchange control in the countries of their nationality, residence or domicile.

24.4 The contract created by the Issuer's acceptance of an Application filed by a prospective bondholder shall be subject to all the terms and conditions set out in this Company Admission Document and the Memorandum and Articles of Association of the Issuer.

24.5 Any person, whether natural or legal, shall be eligible to submit an Application and any one (1) person, whether directly or indirectly, should not submit more than one (1) application form. If an Application Form is signed on behalf of another party or on behalf of a corporation or corporate entity or association of persons, the person signing will be deemed to have duly bound his principal, or the relative corporation, corporate entity, or association of persons, and will be deemed also to have given the confirmations, warranties and undertakings contained in

these terms and conditions on their behalf. The Guarantor hereby waives any benefit of discussion or division which may be available under any applicable law.

5. SETTLEMENTS CONDITIONAL

Any release, discharge or settlement between the Guarantor and the Bondholders shall be conditional upon no security, disposition or payment to the Bondholders by the Issuer or the Guarantor or any other third party liable to being void or set aside for any reason whatsoever and if, for any reason whatsoever, this condition is not fulfilled, such release, discharge or settlement shall be of no effect whatsoever and this Guarantee shall again come into force for all effects and purposes of law.

The demand shall be accompanied by a statement by the Bondholders confirming that to the best of its knowledge there exist, at the time of the demand, circumstances which constitute an Event of Default or such that may render the underlying obligations of the Issuer to the Bondholders invalid and unenforceable for any reason whatsoever.

It is expressly agreed that the requirement of such statement is not a condition of liability of the Guarantor under this Guarantee and is entirely without prejudice to the on demand nature of this Guarantee. Any disagreement by the Guarantor as to the contents of the statement shall not entitle the Guarantor to delay or interrupt the payment of the sum due under this Guarantee for any reason whatsoever.

- 9.2. The statement by the Bondholders, in accordance with Clause 2.1 hereof, of the amount due under this Guarantee shall be binding on the Guarantor and shall be conclusive evidence of the sum due, saving only manifest error.
- 9.3. All payments shall be made to the Bondholders without any withholding for taxes (and in so far as this obligation exists under any law the payment shall be grossed up by the amount of withholding) and without set-off for any amounts which may be then owing to the Guarantor by the Issuer or the Bondholders. The Guarantor authorises the Bondholders to apply any credit balance the Guarantor may have with the Bondholders towards the satisfaction of the Indebtedness. The Bondholders shall notify the Guarantor forthwith of the exercise of this right giving full details relating thereto.

This Property was visited on the 13th of August in connection with this valuation. The following documents were consulted and used in preparation of this valuation:

- Approved planning documents including permit, site plan and plans
- Promise of sale agreement on property

Property Description

Property consists of a residential apartment unit forming part of the Laguna complex development and a designated parking space forming part of the same development. The project is currently at an advanced stage of construction going into the implementation of services and finishes. Pedestrian access to apartment unit is through Triq Spinola and the common areas around complex which lead to the various apartments. The apartment is located on level 2 and covers an overall gross area of 208.2m² circa to cover all internal and external terraces area including areas taken up by walling and supports but excluding internal shafts and yards. The areas are apportioned as follows:

- **Internally;** 188.71m² circa
- **Externally;** 19.49m² circa to cover terraces, balconies and decks.

MMK Studio, 51, Censu Tabone Street, St. Julian's – STJ1217, Malta

The apartment and designated parking bay comprise the following:

- A combined kitchen, dining and living area
- A master bedroom with ensuite bathroom
- Two guest bedrooms with ensuite bathrooms
- Guest WC
- Utility room
- External deck
- Designated parking bay measuring 12.5m² in area

Once finished the apartment unit would form part of large scale design development which caters for upper segment of the local property market. Its location, in close proximity to the shore and access to a large communal pool would give the apartment additional characteristics which are sought after in the market. Furthermore, the apartment is located in proximity to many amenities which cater for residential type properties.

Property Tenure

With reference to promise of sale agreement, property tenure on the apartment was reported as free and unencumbered from any ground rents, burdens and servitudes (other than those arising from terms and conditions of agreement). The property is therefore deemed to be freehold. It is to be clarified that the share of airspace, and common parts providing access do not form part of the property, and neither does the share of swimming pool ownership.

Similarly, there are no details of charges, easements and other specific burdens over property. Ownership of the common areas, airspace and pool is to be retained by developer (vendor) with each individual unit enjoying right of use over the elements. The treatment of façade (and its constituent elements) to property are restricted to changes with the aim of maintaining a common aesthetic to the overall development.

The intention is to sub-let the property in order to get a return on the investment made. There are presently however no sub-leases present on the property.

Project Delivery

The project is currently at advanced construction and finishes / services installation stage. The anticipated level of finish is expected to be of a high standard consisting of a combination of ceramic tiling, and parquet flooring. Bathrooms are expected to be finished in ceramic tiling and high-end fixtures and sanitaryware. Project completion is expected for the beginning of October 2018. The property is expected to be complete for its intended purpose of third party leasing for the beginning of November 2018.

Planning and Statutory Considerations

Following site inspection and with reference to latest approved planning documents, property was noted to be built in accordance with permit PA/04096/08, and subsequent minor amendments.

Basis of Valuation

It is understood that the purpose of the valuation report is for inclusion with the Company Admission Document to be published in connection with the proposed public bond issue. The valuation has been prepared in accordance with Chapter 4 of the Prospects Rules (Rule 4.13.00) published by the Malta Stock Exchange.

The valuation has been carried out by the undersigned, as an external and independent valuer in terms of and with regards given to, the UK Royal Institution of Chartered Surveyors (RICS) Appraisal and Valuation Manual. The undersigned confirms that there is no conflict of interest in advising you of the opinion of the value of the property, since the undersigned will not benefit from the valuation instruction, other than the valuation fee.

The valuation was based on direct knowledge of the site, and its potential, as well as on such inspections and investigations as are, in the professional judgment of the undersigned, appropriate and possible in the circumstances. The valuation relies on information provided by the Directors of D Shopping Malls Limited, and their professional advisers, as far as concerns tenures, privileges, charges and other related matters. The valuation is nevertheless on the assumption that no harmful or hazardous materials lie on the on the site and that there is no contamination in or from the ground.

The market value is the amount that a property might be expected to realise, usually expressed in monetary terms, when it is offered for sale in an open market, for a reasonable period of time, by a willing seller, in order to enable the property to be brought to the attention of all or most potential and willing buyers and when the transaction is not affected by any special circumstances that might affect the buyer, the seller or the property. The best price that a property might reasonably be expected to realise if sold is the normal course of business, after allowing a reasonable time for exposure to potential buyers, and assuming that the buyer and seller are acting in their own best interests, have entered into the transaction without any element of compulsion or duress, and the buyer does not have any special relationship or obligation to the seller. The determination of market value is normally based on a set of assumptions, such as the type and condition of the property, the interest held, the nature and conditions prevalent in the market at the date of the valuation and the purpose of the valuation.

In view of the residential nature of the property, and the availability of similar properties on the free market, the comparative market approach to valuation was adopted. The market potential for the property in caption was obtained through a comparative analysis and resulted in an average market rate of €9,000/m². Total market value for the combined apartment and parking bay was therefore calculated at €1,873,800 say €1,900,000.

Once completed the value of construction and applied services and finishes is estimated to amount to €200,000 circa (two hundred thousand euro), value to completion of civil works only is estimated at €30,000 circa (thirty thousand euro) with finishes estimated at the remaining €170,000 (one hundred and seventy thousand euro).

Therefore, in view of the aforementioned characteristics I hereby estimate the freehold market value for the above apartment at **€1,900,000 (one million nine hundred thousand euro)** as per current market prices.

It is confirmed that the property was building in accordance with the above-mentioned approved permits and subsequent minor amendments.

Basis of Valuation

It is understood that the purpose of the valuation report is for inclusion with the Company Admission Document to be published in connection with the proposed public bond issue. The valuation has been prepared in accordance with Chapter 4 of the Prospectus Rules (Rule 4.13.00) published by the Malta Stock Exchange.

The valuation has been carried out by the undersigned, as an external and independent valuer in terms of and with regards given to, the UK Royal Institution of Chartered Surveyors (RICS) Appraisal and Valuation Manual. The undersigned confirms that there is no conflict of interest in advising you of the opinion of the value of the property, since the undersigned will not benefit from the valuation instruction, other than the valuation fee.

The valuation was based on direct knowledge of the site, and its potential, as well as on such inspections and investigations as are, in the professional judgment of the undersigned, appropriate and possible in the circumstances. The valuation relies on information provided by the Directors of D Shopping Malls Limited, and their professional advisers, as far as concerns tenures, privileges, charges and other related matters. The valuation is nevertheless on the assumption that no harmful or hazardous materials lie on the on the site and that there is no contamination in or from the ground.

The market value is the amount that a property might be expected to realise, usually expressed in monetary terms, when it is offered for sale in an open market, for a reasonable period of time, by a willing seller, in order to enable the property to be brought to the attention of all or most potential and willing buyers and when the transaction is not affected by any special circumstances that might affect the buyer, the seller or the property. The best price that a property might reasonably be expected to realise if sold is the normal course of business, after allowing a reasonable time for exposure to potential buyers, and assuming that the buyer and seller are acting in their own best interests, have entered into the transaction without any element of compulsion or duress, and the buyer does not have any special relationship or obligation to the seller. The determination of market value is normally based on a set of assumptions, such as the type and condition of the property, the interest held, the nature and conditions prevalent in the market at the date of the valuation and the purpose of the valuation.

The valuation is based on the combined value of both apartments and associated car spaces. The combined apartments would result in a unit measuring circa 308 square metres, and accommodating at least four bedrooms. The following is a breakdown of the basis of valuation:

- For apartment 13, Waterside Place, a market assessment of similar types of property in the Sliema seafront and high-end areas, resulted in a rate of €5,750/sqm circa over 168 square metres which is equivalent to €966,000.
- For apartment 6, Byron Court, present leasehold interest was obtained through a market assessment of market rents for similar kinds of properties. An average monthly market rent of €2,450 was obtained, which resulted in a yearly market rent of €29,400.

<i>Valuation of Capitalised Leasehold:</i>		
<u>Term of Lease:</u>		
Market rent	€29,400/pa	
YP of €1 @ 3.75% for 150yrs	X 26.56	€780,866

Therefore, in view of the aforementioned characteristics I hereby estimate the value of the above combined properties at €1,746,866 (one million seven hundred and forty-six thousand and eight hundred and sixty-six euro) as per current market prices.

ANNEX D: CONSOLIDATED PROSPECTIVE FINANCIAL INFORMATION AND ACCOUNTANTS' REPORT

Summary of significant assumptions and accounting policies

1. Introduction

The consolidated projected statement of financial position, the consolidated projected income statement and the consolidated projected statement of cash flows of D Shopping Malls Finance p.l.c. and D Shopping Malls Limited (together “D Shopping Malls Group”) for the fifty two month period from 1 September 2018 to 31 December 2022 (“the consolidated prospective financial information”) have been prepared to provide financial information for the purpose of inclusion in the Company Admission Document of D Shopping Malls Finance p.l.c. dated 27 September 2018. The consolidated prospective financial information, set out on pages 121 to 123 and the assumptions below are the sole responsibility of the Directors of the Issuer.

The consolidated prospective financial information has been prepared on the basis of a bond issue of €7,500,000 at a nominal value of €100 per bond offered by D Shopping Malls Finance p.l.c.

The consolidated prospective financial information for the fifty two month period ending 31 December 2022 has been based on the projections of the D Shopping Malls Group covering the period 1 September 2018 to 31 December 2022.

The consolidated prospective financial information is intended to show a possible outcome based on a mixture of best-estimate assumptions as to future events which the Directors expect to take place and actions the directors of the Guarantor expect to take and hypothetical assumptions about future events and management actions which might not necessarily occur. Events and circumstances frequently do not occur as expected and therefore actual results may differ materially from those included in the consolidated prospective financial information. Attention is drawn, in particular, to the risk factors set out in the Company Admission Document which describe the primary risks associated with the business and operations to which the consolidated prospective financial information relates.

The consolidated projected financial information is not intended to and does not, provide all the information and disclosures necessary to give a true and fair view of the financial results, financial position and cash flows of the D Shopping Malls Group in accordance with International Financial Reporting Standards as adopted by the EU.

The Directors have exercised due care and diligence in adopting the assumptions below. The consolidated prospective financial information was formally approved on 26 September 2018 by the Directors and the stated assumptions reflect the judgements made by the Directors as at that date. The assumptions that the Directors believe are significant to the consolidated prospective financial information are set out in section 3 of this Annex D.

2. Basis of preparation and principal assumptions

The principal assumptions relating to the environment in which the D Shopping Malls Group operates, and the factors which are exclusively outside the influence of the Directors and which underlie the consolidated prospective financial information are the following:

- there will be no material adverse events originating from market and economic conditions;
- the D Shopping Malls Group will continue to enjoy the confidence of its suppliers and franchisors;
- interest rates will not change materially throughout the period covered by the projections;

- the basis and rates of taxation will not change materially throughout the period covered by the projections; and
- the rate of inflation will not exceed that experienced in the last few years.

The principal assumptions relating to the environment in which the D Shopping Malls Group operates and the factors which the Directors can influence and which underlie the prospective consolidated financial information, are the following:

2.1 Revenues

The D Shopping Malls Group's projected revenue for the fifty two month period up to 31 December 2022 is based on the agreements in place/currently being finalised with related companies, letters of intent currently in place with third parties and related parties, and market rates.

The projections on the D Mall and Center Parc exclude any earnings that might accrue from turnover rent payable by tenants beyond a pre-specified level of revenue.

The projections assume that retail space within D Mall is sub-leased at €650/sqm increasing thereafter at 3% per annum, plus key money of €1,500,000 which is expected to be generated on contract date, whilst office space within D Business Centre is sub-leased at €350/sqm increasing thereafter at 3% per annum. The projections assume that D Mall is handed over and inaugurated by 1 March 2019, with an 85% occupancy in FY2019 and 100% thereafter. D Business Centre is assumed to have a 40% occupancy in FY2019, increasing to 85% by FY2021 and stabilising at 95% thereafter. The projections assume that the subleases are accounted for as operating leases.

The projections assume that the lease on the Center Parc property is assigned by 28 February 2019 and that the said property is handed over and inaugurated by 1 March 2019. The projections assume that it shall generate revenue at €350/sqm, increasing at 3% per annum, with an occupancy of 75% in FY2019 and 100% thereafter.

The Laguna property and Qui-si-sana property rental rate are based on a 4% yield of property value to be generated as from 1 January 2019.

2.2 Direct costs

Direct costs comprise the amortisation of the right-of-use asset by D Shopping Malls Group on D Mall and Center Parc, which is accounted for in terms of IFRS 16 *Leases* given that it comes into effect on 1 January 2019, and service charge expenditure attributable on the Trussardi outlet.

2.3 Administrative expenses

Administrative expenses consist primarily of payroll costs, directors' fees, marketing and distribution fees, admission fees, professional fees and other corporate and general overheads.

Depreciation is calculated using the straight line method to allocate the finishing costs on the D Mall and Center Parc over the lease term.

2.4 Finance costs

Finance costs relate to interest on the Bond which is expected to be issued in FY2018, which has been assumed at 5.35% per annum, and the unwinding of interest on the finance lease liability, given that the leases entered into on D Mall and Center Parc are accounted for under IFRS 16 *Leases*. The interest

on the Bond is assumed to commence on 1 October 2018, with the final payment being made on 30 September 2028. The projections assume that contributions to a sinking fund will be made as from FY2023, in order to facilitate the redemption of the bond in FY2028. Interest receivable on amounts held in the sinking fund is assumed at 1.5% p.a., net of final withholding tax.

2.5 Taxation

Current taxation is provided at 35% of chargeable income for the period.

2.6 Capital and Reserves

The D Shopping Malls Group's capital and reserves are expected to increase over the projection period as a result of retention of profits. No dividends have been assumed in the consolidated prospective financial information. The D Shopping Malls Group does not intend to distribute dividends to the ultimate beneficial owners in the first three years following the Bond Issue.

2.7 Working capital

The D Mall Shopping Group's working capital mainly comprises the net impact of trade and other receivables and trade payables. Settlement of trade payable balances has been assumed to be effected within 30 days.

3. Conclusion

The Directors believe that the assumptions on which the prospective financial information is based are reasonable.

NOTES ON HOW TO COMPLETE THIS APPLICATION FORM AND OTHER INFORMATION

The following notes are to be read in conjunction with the Company Admission Document dated 27 September 2018 regulating the Bond Issue.

1. This Application is governed by the Terms and Conditions of the Application in this Company Admission Document dated 27 September 2018. Capitalised terms not defined herein shall, unless the context otherwise requires, have the meaning ascribed to them in the Company Admission Document.
2. The Application Form is to be completed in BLOCK LETTERS.
3. Applicants who are Non-Residents in Malta for tax purposes, must indicate their passport number in Panel B and complete Panel G. The relative box in Panel A must also be marked appropriately.
4. Applicants are to insert full personal details in Panel B. In the case of an Application by more than one person (including husband and wife) full details of all individuals, including I.D. card numbers, must be given in Panels B and C but the person whose name appears in Panel B shall, for all intents and purposes, be deemed to be the registered holder of the Bonds (vide note 7 below). Interest and redemption proceeds will be issued to the account indicated in Panel H or as otherwise indicated by the Bondholder/s during the term of the Bond.
5. Upon submission of an Application Form, Bondholders who do not have an online e-portfolio account will be registered by the CSD for the online e-portfolio facility and will receive by mail at their registered address a handle code to activate the new e-portfolio login. The Bondholder's statement of holdings evidencing entitlement to Bonds held in the register kept by the CSD and registration advices evidencing movements in such register will be available through the said e-portfolio facility on <https://eportfolio.borzamalta.com.mt/>. Those Bondholders who opt not to avail themselves of this facility should indicate such in Panel B of the Application Form. Further details on the e-portfolio are found on <https://eportfolio.borzamalta.com.mt/Help>.
6. Applications in the name and for the benefit of minors shall be allowed provided that they are signed by both parents or by the legal guardian/s and accompanied by a Public Registry birth certificate of the minor in whose name and for whose benefit the Application Form is submitted. The relative box in Panel A must also be marked appropriately. Any Bonds allocated pursuant to such an Application shall be registered in the name of the minor as Bondholder, with interest and redemption proceeds payable to the parents or legal guardian/s signing the Application Form until such time as the minor attains the age of eighteen (18) years, following which all interest and redemption proceeds shall be payable directly to the registered holder, provided that the Issuer has been duly notified in writing of the fact that the minor has attained the age of eighteen (18) years.
7. In the case of a body corporate, the name of the entity exactly as registered, and the registration number are to be inserted in Panel B. Applications must be signed by duly authorised representatives indicating the capacity in which they are signing.
8. APPLICANTS WHO ALREADY HOLD SECURITIES ON THE MSE ARE TO INDICATE THEIR MSE ACCOUNT NUMBER IN PANEL B. APPLICANTS ARE TO NOTE THAT ANY SECURITIES ALLOTTED TO THEM WILL BE RECORDED IN THE MSE ACCOUNT NUMBER QUOTED ON THIS APPLICATION FORM. IF DETAILS OF SUCH MSE ACCOUNT NUMBER, AS HELD BY THE MSE, DIFFER FROM ANY OR ALL OF THE DETAILS APPEARING OVERLEAF, A SEPARATE REQUEST BY THE APPLICANT TO CHANGE THESE DETAILS AS RECORDED AT THE MSE WILL HAVE TO BE EFFECTED.
9. Applications must be for a minimum of €5,000 and thereafter in multiples of €100.
10. Payment must be made in Euro, in cleared funds to 'The Registrar – D Shopping Malls Finance p.l.c. Bond Issue'. In the event that the cheque accompanying an Application Form is not honoured on the first presentation, the Issuer and the Registrar reserve the right to invalidate the relative Application.
11. Only Applicants who hold a valid official Maltese Identity Card or companies registered in Malta will be treated as resident in Malta. In such a case the Applicant may elect to have final withholding tax, currently 15%, deducted from interest payments in which case such interest need not be declared in the Applicant's income tax return. The Applicant may elect to receive the interest gross (i.e. without deduction of final withholding tax), but will be obliged to declare interest so received in the tax return. Interest received by non-resident Applicants is not taxable in Malta and non-residents will receive interest gross. Authorised entities applying in the name of a Prescribed Fund (having indicated their status in the appropriate box in Panel A) will have final withholding tax (currently 10%), deducted from interest payments. In terms of section 23 of the Company Admission Document, unless the Issuer is otherwise instructed by a Bondholder, or if the Bondholder does not fall within the definition of "recipient" in terms of Article 41(c) of the Income Tax Act (Cap. 123 of the Laws of Malta), interest shall be paid to such person net of final withholding tax, (currently 15%) of the gross amount of interest, pursuant to Article 33 of the Income Tax Act (Cap. 123 of the Laws of Malta).
12. Non-residents of Malta should note that payment of interest to individuals and certain residual entities residing in another EU Member State is reported on an annual basis to the Director General Inland Revenue, Malta, who will in turn exchange the information with the competent tax authority of the Member State where the recipient of interest is resident. This exchange of information takes place in terms of the Council Directive 2014/ 107/EU of 9 December 2014 amending Directive 2011/16/EU as regards mandatory automatic exchange of information in the field of taxation. 11a. the contents of Notes 10 and 11 above do not constitute tax advice by the Issuer and Applicants are to consult their own independent tax advisors in case of doubt.
13. If any Application is not accepted after the closure of the subscription lists or is accepted for fewer Bonds than those applied for, the monies or the balance of the amount paid but not allocated, as the case may be, will be returned by direct credit into the bank account as indicated in Panel H. Interest and redemption proceeds will be credited to the account indicated in Panel H or as otherwise amended by the Bondholder/s during the term of the Bond.
14. Subscription lists for the Applicants will close at 26 October 2018 at 12:00 CET. The Issuer reserves the right to refuse any Application which appears to be in breach of the Terms and Conditions of the Application as contained in the Company Admission Document. Any Applications received by the Registrar after the subscription lists close will not be accepted. Completed Application Forms are to be delivered to any of the Authorised Financial Intermediaries listed in the Company Admission Document, during normal office hours. Remittances by post are made at the risk of the Applicant and the Issuer disclaims all responsibility for any such remittances not being received by the date of closing of the subscription lists.
15. By completing and delivering an Application Form you (as the Applicant(s)) acknowledge that:
 - a. the Issuer may process the personal data that you provide in the Application Form in accordance with the General Data Protection Regulation – GDPR (Regulation (EU) 2016/679)
 - b. the Issuer may process such personal data for all purposes necessary for and related to the Bonds applied for; and
 - c. you, as the Applicant, have the right to request access to and rectification of the personal data relating to you, as processed by the Issuer. Any such requests must be made in writing and addressed to the Issuer. The request must be signed by yourself as the Applicant to whom the personal data relates.

The value of investments can go up or down and past performance is not necessarily indicative of future performance. The nominal value of the Bonds on offer will be repayable in full upon redemption. An investor should consult an independent financial advisor, licensed under the Investment Services Act (Cap. 370 of the Laws of Malta), for advice.
